Practical Ultimatum Sent to Greece and Bulgaria

Sofia Declares Enemy Troop Continue Advance

Declares Bombardment of Town Being Made

(Continued from First Page)

figures present included M. Lech, M. Bontsov and the diplomatic representatives of a large number of states not represented in the Council.

The rapidity with which the League machinery got into action and the Council's unhesitating action of the League's authority was one of the main topics of discussion in Paris.

During the secret session of the Council, several members including Paul Hymans of Belgium frankly intimated that the League's future is at stake. They declared that if the League failed to mean anything in the future, the pacification of Europe must be enforced now on any members of the League who seemed to be evading obligations which they had solemnly undertaken.

SOFA HEARS OF MORE GREEK BOMBARDMENT

(BY CABLE AND ASSOCIATED PRESS) SOFIA (Bulgaria), Oct. 26.—On the day fixed for a conference under the auspices of the Council of the League of Nations at Paris to settle the Greco-Bulgarian dispute without further bloodshed, Sofia heard official reports of an all-night bombardment by Greek artillery of the town of Petrich in the Macedonian frontier, and neighboring villages.

King Boris, who has returned to Sofia, expressed profound regret at the continuation of artillery fire against defenseless places.

Instructions were sent to M. Morloff at Paris to agree unreservedly to any and all suggestions by the Council of the League of Nations and accept all its instructions.

NATIONS SAID TO AGREE TO WITHDRAWAL

(BY CABLE AND ASSOCIATED PRESS) ATHENS, Oct. 26.—Prior to the action taken by the Council of the League of Nations at Paris today, it was announced that Greece and Bulgaria had agreed to a suggestion by Rumania that the two countries withdraw their troops behind the frontier. The necessary steps, it is asserted, will be taken tomorrow by a military commission, which will proceed to Demirkapu.

GREEKS DECLARED TO BE EXTENDING FRONT

(BY CABLE AND ASSOCIATED PRESS) VIENNA, Oct. 26.—Latest advices from Sofia say that the Greeks are widely extending their frontiers, have captured Novorik, and in addition to other towns, are bombarding Novorik. They have received reinforcements of two regiments of infantry, one of cavalry and half a regiment of artillery from Salonika.

Bulgaria is reported to be concentrating her forces at Melnik, about fifty-five miles north of Salonika.

TO ATTEND YALE CONFERENCE

(BY CABLE AND ASSOCIATED PRESS) BERKELEY, Oct. 26.—Dr. C. E. Lipman, dean of the University of California, will attend the annual meeting of the Association of American Universities at Yale, New Haven, Ct. dress on "The Ideals of the Navy," broadcast from station WJZ.

Discussing recent accidents, Admiral Eberle declared with so many ships in constant operation under a great variety of exercises and drills in all sorts of conditions, the Navy cannot avoid some accidents.

The only way to stop them, he asserted, will be to cease operating. Our accidents are due, he said, to the fault of our own personnel, in others to the fault of persons outside the naval service and in still others to unusual circumstances over which no one has any control.

The loss of the Shenandoah does not compare with the German disaster of January, 1918, when five airships and all their cargoes were burned.

UNDYING SPIRIT OF NAVY TO REIGN TODAY

One hundred and fifty years ago today the United States Navy was born, a dozen little wooden ships that combined could not carry even

as freight the turret armament of one of our modern dreadnaughts. But the tradition born aboard those blunt-nosed little windmills, in the bloody sea scraps of the Revolution and the War of 1812, form the navy spirit, the thing that has made today's Navy the greatest on the seas.

That spirit was born on February 14, 1776, in Quilboer Bay, where the British frigate, the USS. Bonhomme Richard, and of it was born a navy tradition. While in the East, Dr. Lipman will attend the meeting of the advisory council of the Guggenheim Foundation, of which he is a member, and will visit other foundation headquarters.

Willbur Names Engineer Chief

Halligan Appointed Head of Naval Bureau

Takes New Post With Rank of Rear-Admiral

May Have Supervision Over Oil Reserve Lands

(BY A. P. MONT WIRE)

WASHINGTON, Oct. 26.—Capt. John Halligan, Jr., of Boston today was appointed chief of the bureau of engineering of the Navy for a four-year term with the rank of rear-admiral.

A number of brilliant engineers had urged Secretary Willbur to select a straight engineering officer for the post on the ground that the profession should have that recognition within the Navy.

In addition to deciding that issue the appointment is regarded as important because of the possibility that the chief of the bureau will be entrusted with supervision of the naval oil reserves. If through the litigation now in progress, they are returned to the custody of the Navy, Mr. Willbur has stated that it and when the reserves are returned, the Navy will be ready with a program for administering them.

Capt. Halligan is 49 years of age, and was graduated by the Naval Academy in 1894 at the head of his class. He was on the Brooklyn at the Battle of Santiago that year. In the World War he was aide on the staff of the commander of the patrol force of the Atlantic Fleet and later was chief of staff to the commander of the United States naval force in France.

He has served as engineer officer on battleships, in the bureau of engineering of the Navy Department here, and as fleet engineer of the Atlantic Fleet from September, 1914, to September, 1915, when he was assigned as head of the engineering post-graduate school at the Naval Academy.

He was awarded the Special Meritorious Medal for conspicuous services in the Spanish-American War and the Distinguished Service Medal for service in the World War.

NEW MARKS SET IN AIR CLASSIC

was Great Britain's only pilot in the race after Capt. Bard crashed with a supermarine Napier 8-4 last Friday and Napier 8-4 last Friday and Napier 8-4 last Friday.

Those who take the powers restore tariff autonomy to China and accept a new Chinese tariff law to take effect not later than January 1, 1929, settling schedules ranging between 7 1/2 and 40 per cent on most imports and between 50 and 60 per cent for wine and tobacco. China would then agree to abolish the tariff, or to accept a new Chinese tariff law to take effect not later than January 1, 1929, settling schedules ranging between 7 1/2 and 40 per cent on most imports and between 50 and 60 per cent for wine and tobacco.

The keynote of the power replies was struck by Mr. Macdonald, who said the United States is prepared to consider open-mindedly any reasonable plan with a view to realizing China's aspirations.

A statement of the rather conservative Japanese attitude was given by Mr. Hiroki, who said the Japanese government expects to reach her goal only by successive stages. Mr. Hiroki said the Japanese government expects to reach her goal only by successive stages. Mr. Hiroki said the Japanese government expects to reach her goal only by successive stages.

The Angora government, in a telegram, expressed high esteem and deference for the international court, but declared it saw no reason to be represented.

The world court was asked by the Council of the League of Nations to decide two points: First, whether in settling the conflict over Mosul, the Council plays the role of arbitrator under the League of Nations; second, whether the Council must necessarily be unanimous in reaching a decision or, in other words, whether Great Britain is a member of the Council is entitled to vote on the question.

INDIANS CALL ON WHITE BEAVER, Bay City Mayor

(BY A. P. MONT WIRE) SAN FRANCISCO, Oct. 26.—Twelve leaders of the Pueblo tribe of Indians, dressed in their tribal costumes, stalked into the City Hall today and were greeted with a number of friendly "how's" by Mayor White Beaver, who happens to be of the same name as the Chief White Beaver usually keeps under lock and key for visiting Ambassadors, Kings, Admirals and Indian chiefs, was passed around in the original box. A good time was had by all.

Chief White Beaver, who is none other than James Rolfe, Jr., told the visitors that he could trace his ancestry to Pocahontas, daughter of Chief Powhatan, and John Rolfe. The name of White Beaver, he said, was conferred on him by other Indian visitors here.

The Pueblo leaders are here in the interests of the conservation of some of their tribal rights in Arizona.

URGED FOR FEDERAL POST

(BY CABLE AND ASSOCIATED PRESS) OKLAHOMA CITY (Okla.), Oct. 26.—Judge Raynor T. Haines, United States district judge in Oklahoma Territory before Statehood, urged today that the Federal Department of Agriculture be believed to be the choice of Oklahoma Territory for the Federal Trade Commission.

Shortly after the resignation Judge Haines called at the White House in Washington, where he was recommended for the appointment.

WILBUR NAMES ENGINEER CHIEF

Halligan Appointed Head of Naval Bureau

Takes New Post With Rank of Rear-Admiral

May Have Supervision Over Oil Reserve Lands

(BY A. P. MONT WIRE)

WASHINGTON, Oct. 26.—Capt. John Halligan, Jr., of Boston today was appointed chief of the bureau of engineering of the Navy for a four-year term with the rank of rear-admiral.

A number of brilliant engineers had urged Secretary Willbur to select a straight engineering officer for the post on the ground that the profession should have that recognition within the Navy.

TROJAN ELEVEN
OFF FOR IDAHO
Coach Howard Jones Takes
33 Men on Trip
Meet Vandals at Moscow on
Friday Afternoon
Long Journey May Handicap
U.S.C. in Battle

Given a rousing send-off by sev-
eral hundred enthusiastic students,
the U.S.C. football squad de-
parted for Idaho last night at
8:15 o'clock. Thirty-three men,
Coach Howard Jones, two as-
sistants, trainer, doctor and several
managers were included in the
party.
Friday afternoon the Trojans
encounter the University of Ida-
ho eleven at Moscow, Idaho. The
game is the second Conference
contest of the season for the Tro-
jans, and Coach Jones expects to
get into the win column at the
expense of the Vandals. Idaho is
now tied with Stanford for Coast
leadership, each team having won
two games. It is expected that
Jones will take his charges to
Pullman, Wash., Saturday to see
the Washington State eleven play
the University of Washington.

The only regular left at home is
Charley Stoen. He twisted his
knee out of joint two weeks ago
and will be unable to play until
after the Idaho game. Morton
Kear, Hobbs Adams and Lloyd
Hersberger are the only cripples
on the trip. Kear's injured shoul-
der has almost mended, while
Adams' bum knee and ankle are
much better. Hersberger is still
on crutches and probably won't
be able to play against the Vandals.
Idaho lost to Gonzaga Satur-
day, 13 to 5, thus providing an-
other of the season's leading up-
sets. The game was played in a
driving sandstorm which prac-
tically nullified Idaho's passing at-
tack, the style of play they em-
ploy to win football games. U.S.C.
is traveling a long distance for
this encounter and the game may
be a whole lot tougher than ap-
pears from this point.

QUARTET OF GRIDDERS WHO MEET SATURDAY

Two of the most valuable men on Andy Smith's California team are "Snooky" Mell, end, shown at the bottom left in the layout, and Fred Coltrin, tackle, top left. Top right shows Harold Merritt, Pomona's best backfield bet and an accurate passer. Below is Gerwin Neher, one of Eugene Nixon's hard-hitting half backs. The Bears meet Pomona at the Coliseum this week-end.

MUSHY CALLAHAN TO GET CLEAN SLATE ON SUNDAY

The suspensions of Mushy Callahan and his manager, Eddie Sears, which grew out of the dispute over the referee in the Callahan-Hudkins fight, will be lifted on Sunday, according to word received here yesterday from Walter Yarwood, secretary of the Boxing Commission.

The action permits Callahan to box Pal Moran in Jack Doyle's Tuesday night, next week, and to meet Ace Hudkins in the big outdoor show the Vernon promoter has arranged for Saturday afternoon, November 14.

The cards of Callahan and Sears are in the mail, after having been taken up by one of the commission's inspectors following the Hudkins fight, according to Yarwood.

SENOR DEMPSEY "VIVA-LAED" WITH MUCH GUSTO IN MEXICO

(EXCLUSIVE DISPATCH)
MEXICO CITY, Oct. 26.—Fleets of fans of Mexico gave Jack Dempsey, American heavyweight holder of the world's champion-ship, a rousing reception upon his arrival here today. A huge crowd waited to greet him at the station, but as he attempted to escape in his automobile his admirers swamped him. The champ was picked up and hoisted upon the shoulders of the throngs as they were wont to do upon the arrival of a popular bullfighter. In this manner he was escorted to his hotel.

BEARS' RECORD IMPRESSIVE

Andy Smith's Charges Suffer But One Defeat in Five and One-half Years; Meet Pomona Saturday

The Golden Bears, who appear against Pomona at the Coliseum Saturday afternoon, bring with them the most imposing record ever established by a Pacific Coast football team. Andy Smith's charges are making their only Southern California appearance in two years and it's a clinch that there will be a great crowd at the game, even though the contest, from a competitive standpoint, will not be such a much.

When the Olympic Club rose up and smote the Bruins a few weeks ago they spoiled California's hopes for a sixth undefeated season. However, the clubmen could not do much in the way of marring the tremendous point total the Bears have amassed over a period of five and one-half years.

Taking into account the games played this season, Andy's athletes have rolled up 1677 points, as against 154 for opponents. During this period fifty-three games have been played, the only defeat being that by the Olympic Club, Nevada, Washington, W. and J. and Stanford have alone succeeded in tying the Berkeley eleven over the five and one-half years.

Discounting the tie, which doesn't figure in baseball averages, which are used here in lieu of some standard football computations, the Bruins have a percentage of .979 over the period. They have averaged a fraction over thirty-one points a game. This victory is the third in a row for the Outfall five.

WINNER MISSES WORLD MARK BY SCANT SECOND

Los Angeles Pilot Travels at Rate of 126.30 Miles an Hour to Win Race; De Paolo Second

BY AL G. WADDELL
(EXCLUSIVE DISPATCH)
BALTIMORE-WASHINGTON SPEEDWAY, LAUREL (Md.) Oct. 26.—Handsome Bob McDonogh, the smiling protégé of Tommy Milton, rewarded the great Milton's efforts as a tutor of the speedways today when he won the 250-mile national championship automobile race on the Laurel board race bowl.

STECHER IS SIGNED FOR LONDOS GO

World Wrestling Champion Defends Title Next Week at Olympic Club

Joe Stecher late yesterday agreed to defend his world heavyweight wrestling championship against Jim London at the Olympic Auditorium on Monday night, November 9, next.

The closing of this match by Promoter Lou Durr came as a wedding present for the popular champion, who was married yesterday morning. Tony Stecher telegraphed from Dodge City, Neb., last night that he would leave for Los Angeles today, arriving here Monday to start training at once.

Joe Stecher and Jim London are the two greatest wrestlers in the world. There is little doubt about that, inasmuch as the grapplers say so themselves. The pair are exact opposites. Stecher is six feet tall, London but five feet six. Stecher tips the Fairbanks at 210, is 30 years of age, London weighs 194, and is 28.

It will be a battle between Stecher's painful scissors and London's crushing reverse headlock. Tom Travis of San Diego will undoubtedly referee. The men are to wrestle catch as catch can style, best two out of three falls, with a two-hour time limit as the end of which the referee is called on to make a decision.

Unconsciousness in Explained

The only idea of the fight was to wear his antagonist out in a few minutes.

The timber wolf from Vernon, Taylor, is to fight Snell in the main event of the Vernon fight tonight at the Vernon fight house.

They will shoot for a knockout. Taylor is a very strong fighter and Snell is a very strong fighter. They are both very strong fighters and they are both very strong fighters.

Today C-T-O three times in the past week. Taylor is a very strong fighter and Snell is a very strong fighter. They are both very strong fighters and they are both very strong fighters.

THEY FELL in love with the West

can you blame them?

Akron tire engineers with records of success running back a company, know the West. They held much in the West.

Yet when the West came, they did not know it. They were not in the West. They were not in the West. They were not in the West.

Today C-T-O three times in the past week. Taylor is a very strong fighter and Snell is a very strong fighter. They are both very strong fighters and they are both very strong fighters.

SAYS PROPHETS OUTDID BARNUM

Clergymen Declares Them Expert Advertisers

Asserts Savior Would be Newspaper User

Churches Advised to Employ Increased Space

(BY A. P. MURPHY)

CHICAGO, Oct. 26.—Ancient prophets of Israel were better advertisers than P. T. Barnum, according to Dr. Burris A. Jenkins, president of the Missouri Pacific, testified today.

"The prophets of Israel understood the value of publicity," Dr. Jenkins said. "One of them—Isaiah—advised his two sons, Jeshai and Lomani, after the theme of his great message, so everyone who addressed them would have to repeat his warnings to the nations."

"Another took to himself a wife from among the women of the streets to attract attention to the harlotry of Israel."

"Our Savior himself was criticized as a sensationalist. He always went where crowds were congregated and never failed to draw attention to himself for the sake of his message."

The church must increasingly use the news and advertising columns of the newspapers in its campaign for righteousness, said John T. Brainer Smith, publicity director for the Chicago Church Federation.

Recording Secretary E. Clarence Brown reported that in the seven years' history of the organization the paid staff has increased from two to fifteen persons and the annual budget has grown from \$400 to \$80,000. Seventeen denominations are represented in the federation, as against three at the start, and the allied churches have shown constant co-operation in mission and civic work.

Paul Hutchison, managing editor of the Christian Century, told the conference that while religious weekly publications were improving steadily, "there are times when their partisan sectarianism defeats the ends they have in view."

Manufacturing Charge Denied in Radio Trust Quiz

(BY A. P. MURPHY)

NEW YORK, Oct. 26.—A denial that the American Telephone and Telegraph Company, a corporation with a capitalization of \$44,804,155, conducts a manufacturing business was made today by Charles A. Heise, controller of the company, testifying before the Federal Trade Commission's inquiry into the alleged radio trust in connection with the acquisition of the Radio Corporation of America.

Mr. Heise said the American Telephone and Telegraph Company confines its business to that of furnishing instruments and financial and postal service to two large associated and operated companies.

He said the company has 400 scientists engaged in research work and 4000 employees in their research laboratories engaged in the development of patents and the technical side of every phase of communication.

Glendale Fire Loss Figures Announced

(LOCAL CORRESPONDENT)

GLENDAL, Oct. 26.—The gross fire loss in Glendale during the past five fiscal years was \$89,749, with a low record of \$44,448 in 1931-1932 and a high figure of \$125,000 in 1932-1933.

Report of the National Board of Fire Underwriters' committee on the improvement of the Glendale fire-fighting system, including the installation of a number of additional main lines and the purchase of additional equipment.

TRAGEDY REVEALED IN MONTREAL HOME

(BY A. P. MURPHY)

MONTREAL, Oct. 26.—The bodies of Charles Bernard, manager of the Rougemont (Quebec) branch of the Banque Canadienne Nationale, and his wife, were found in their home today. They are believed to have been killed Friday night. The bank was closed Saturday for no reason known to the officials, who expected the manager to return today.

Neighbors who forced the door of the bank manager on the stairway with threat and that of his wife in bed with a bullet through the head.

Former Governor to Be Magazine Editor

(BY A. P. MURPHY)

ATASCADERO, Oct. 27.—Former Gov. S. C. Benson of Alaska has been named vice-president of the Western Publishers, Inc., here, and will have complete editorial direction of an Americanization magazine to be published by the organization.

Benson is former governor of the Washington (D. C.) Post, and former publisher of the Washington (D. C.) Herald.

"DIRECT-U" will direct you to the place where the sell Curtis Compressors or any advertised product. Write or phone The Times, Metropolitan 0700.

DECLARES RAIL LOSS TO GROW

Missouri Pacific Head Says Motors Will Cut in

Cites Loss on Passengers at Freight Rate Hearing

Asserts Traffic in Goods Less by Millions of Pounds

(BY A. P. MURPHY)

CHICAGO, Oct. 26.—Losses to roads caused by motor competition are permanent and will be multiplied many fold with the completion of the present western road-building programs, L. W. Baldwin, president of the Missouri Pacific, testified today.

Taking the stand at the resumption of hearings before the Interstate Commerce Commission in the application of all roads west of Chicago for a 5 per cent freight rate increase, he said his passenger earnings had receded in 1934 \$1,000,000 as compared with 1933, and the first seven months of 1935 showed a further decrease of \$800,000 as compared with the corresponding period in 1934.

Freight traffic on less than carload shipments, short hauls, less was hard hit, he said, declaring that the financial position of the company was better off by reason of its passenger revenue, despite the losses as passenger earnings were needed to compensate for freight losses.

As examples of the effect of motor trucks, he said that following the completion of hard roads, the company had lost more than 1,000,000 pounds of freight from Little Rock to other Arkansas points, seventeen to twenty-seven miles distant, and nearly 1,000,000 pounds from Memphis to Arkansas points from seventeen to thirty-two miles away.

"It grows out of a continued building of hard roads, in most instances a doubling of the number of carriers from and to points between which there had been some considerable traffic," he said.

The result of this condition is that while trucks make most of the short haul, less than half the load freight from and to points connected by hard roads is carried by rail carriers, he said.

The trucks do not take all of the traffic, and as a result the rail carriers are compelled to continue to furnish service between those points at a substantial loss.

German College Boys Still Keen for Sword Duel

(BY A. P. MURPHY)

PASADENA, Oct. 26.—A little thing like a flash in the face from a dueling sword is not a new thing to German university students of today, who consider football a far more brutal sport than their own practice of dueling in the manner of old. This was one of the impressions of Europe related to the California Institute of Technology students today by Robert Heilbronn, William Lewis and Robert Watson, who spent the summer touring the Continent and England.

London, according to the travelers, thousands were out of employment and their favorite occupation seemed to be making soapbox speeches to their fellow-unemployed on a countless variety of subjects. A visit to the Parliament Building left the visitors with a distaste for English architecture as exhibited there, which they described as "extremely gaudy." The three returned travelers talked at the institute's assembly this morning.

NEW CANAL LINE
PROJECT ASKEDArizonans' Plans Filed in
WashingtonProposed System Conflicts
With Hunt SchemeApplication Calls for Two
Irrigation Dams

(BY A. P. NIGHT WIRE)
WASHINGTON, Oct. 26.—An application for development of the highline canal project in Arizona, involving costs estimated at \$250,000,000 has been filed with the Federal Power Commission by Fred J. Colter, who represents his action to be on behalf of the State of Arizona.

The project outlined in the Colter application, in the view of the

ROBS PRISON TILL IN ESCAPE

(BY A. P. NIGHT WIRE)

RENO, Oct. 26.—Introducing a novel note in prison escapes, Claude Swezey of San Francisco, Federal prisoner on a Mann Act sentence at the Carson penitentiary, tapped the prison till before he drove away from there yesterday afternoon. Authorities say he obtained only a few dollars but his companion in the automobile, a trusty who returned last night, says Swezey took \$300 in bills and showed him the money. Swezey was a trusty at the prison. He obtained permission to drive to the prison farm with another convict. The latter says they were no sooner out of sight of the prison than Swezey covered him with a revolver and later took to the hills.

power commission engineers, is in conflict with that outlined in the application filed the 20th inst. by representatives of Gov. Hunt in behalf of the board of directors of the State Institutions of Arizona.

Colter is president of the Arizona High Line Canal Association. The application calls for building dams both at Glenn Canyon site and the Bridge Canyon location, the former dam for the purpose of im-

pounding river water and the latter for making it valuable for use.

In addition to these dams, proposal is made to build 500 miles of power and irrigation canal, the project to be financed by the sale of power which it would develop. Officials of the power commission indicate the two proposals will be handled in regular routine manner—advertised for eight consecutive weeks in local papers in the vicinity of the project.

The application filed in behalf of the Arizona Board of State Institutions is for development at the Bridge Canyon site, which involves construction of between seventy and ninety miles of canals and tunnels.

SLAYERS OF GUARD
SENTENCED TO DIE

(BY A. P. NIGHT WIRE)

SALEM, (Or.) Oct. 26.—Ellsworth Kelley and James Wilcox, convicts, were found guilty late today of murder in the first degree by a jury which had deliberated since Saturday noon. They were jointly accused with Tom Murray, of killing Guard John Sweeney in a break from the Oregon penitentiary August 13, last. Murray previously was convicted and sentenced to death.

IOWA HAS NEW COMPETITOR

Miss Velda Katberg of Stockton, has been chosen as the "Corn Girl" for the first corn show to be conducted in the history of California in Stockton commencing the 29th inst., under the auspices of the San Joaquin county farm bureau. The above picture was taken on King Island in the Delta west of Stockton. San Joaquin county leads Pacific Coast counties in field corn production and 90 per cent of the acreage is in the Delta.

FLO TAKES
FOLLY OUT
OF FOLLIES

Producer Bans Drinking,
Lipstick and Powder in
Public for Chorus Girls

(EXCLUSIVE DISPATCH)
PHILADELPHIA, Oct. 26.—Flo Ziegfeld today put his famous "Follies" girls on the water wagon. At the same time he banned the excessive use of lipsticks and powder puffs—except when they are back stage.

"The American chorus girl must be different," Mr. Ziegfeld declared on his arrival here. "I have just issued orders to every member of my touring company that any girl who is seen drinking in public will automatically resign."

"That may seem strange because the chorus girl has a reputation of living on a diet of wine and lovers—but that was just fallacy. There are to be no more scandals connected with chorus girls if I have my way."

"And as for make-up—I also have issued orders that our girls must not use lipsticks and other cosmetics to excess. That is, when on the street. Too many people have said, 'She looks like a chorus girl,' when the one in question probably was a show girl."

"From now on the Follies girls will be different."

DR. HENRY WATERS OF

(BY A. P. NIGHT WIRE)
KANSAS CITY, (Mo.) Oct. 26.—Dr. Henry Jackson Waters, internationally known agricultural expert and editor of the Weekly Kansas City Star, died of pneumonia at his home here tonight.

MT. DIABLO FIRE
NOW UNDER CONTROL

(BY A. P. NIGHT WIRE)
OAKLAND, Oct. 26.—A brush fire which has been sweeping the region about Mt. Diablo, north of here, for the past two days, was placed under control today after approximately 7000 acres had been burned over.

SENTENCED TO PAY FINE
(BY A. P. NIGHT WIRE)
PHOENIX, Oct. 26.—In the Federal court today C. C. Clements, former secretary-treasurer of the Maricopa County National Farm Loan Association, was sentenced to pay a fine of \$350, with a ten-day stay of commitment. He had been found guilty on two counts of embezzlement of \$2081 from the Federal Bank at Berkeley. The funds were returned by him later.

PIERCE-ARROW GAINS
(BY A. P. NIGHT WIRE)
NEW YORK, Oct. 26.—Pierce-Arrow earned \$1.10 a share on the common in the first nine months of 1928 after preferred and prior preferred dividend requirements with net income of \$270,204. In contrast to net income of \$324,154 in the same period of 1924.

American Army Officer Captures International Seaplane Event

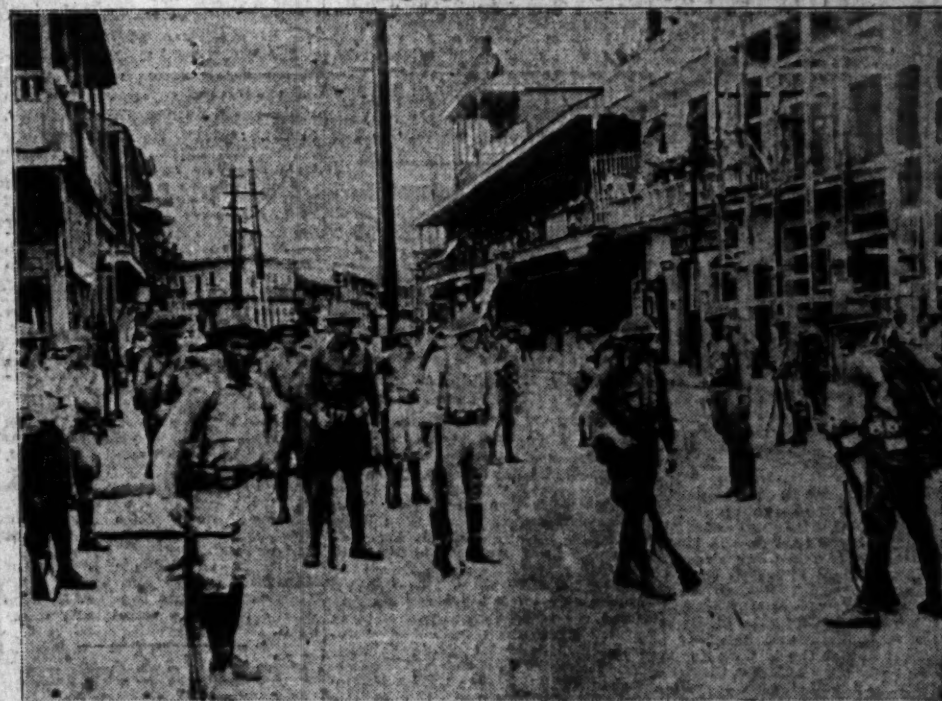

Establishing a New World's Speed Record for seaplanes, James H. (Jimmy) Doolittle, army aviator, won the Jacques Schneider trophy at Baltimore yesterday. Official time was 232.573 miles per hour. Photo shows Doolittle at left, and type of Curtis racing plane he flew, above. (P. & A. photo.)

Gun Silencers Used by "Cowboy" Gang of bandits recently captured by New York police were furnished by Eugene Reising (left), inventor and arms manufacturer, according to authorities. Photo shows Reising and official inspecting silencer found on one of gang. (P. & A. photo.)

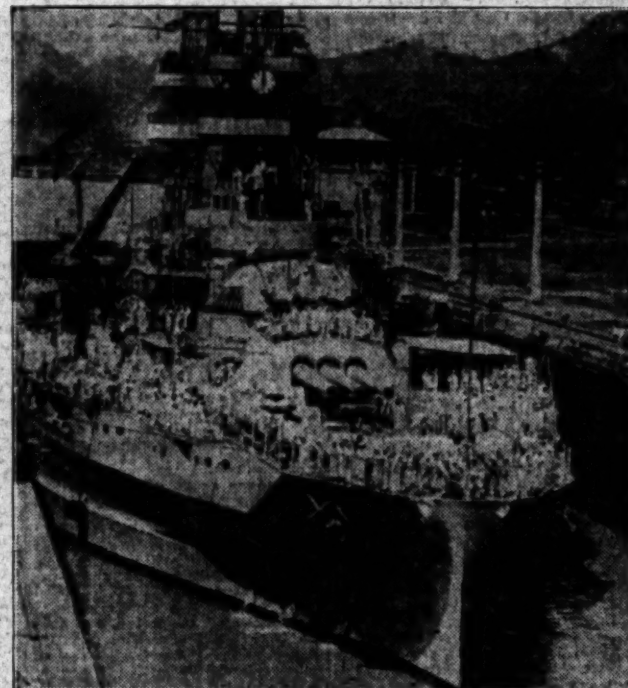

Every Effort to Solve the Mystery of the robbery and return of \$638,000 worth of jewels belonging to Mrs. James P. Donahue is being made by New York police. Photo shows Donahues as they appeared before the grand jury probing the case last week. (P. & A. photo.)

Three Battalions of United States Troops were called upon to quell a riot in Panama City, Canal Zone, resulting from a demand for lower rents, a short time ago. The rioters were quickly dislodged from barricades which they had hurriedly erected in the streets. Photo shows detachment of the troops. (P. & A. photo.)

The Affections of "Handsome Charis" Frey were given an official value of \$37,500 yesterday when a jury at Mineola, N. Y., ordered Wilda Bennett (left), musical-comedy star, to pay this amount to Mrs. Catherine Frey (above), who brought alienation of affection action for \$100,000 against the actress. (P. & A. photos.)

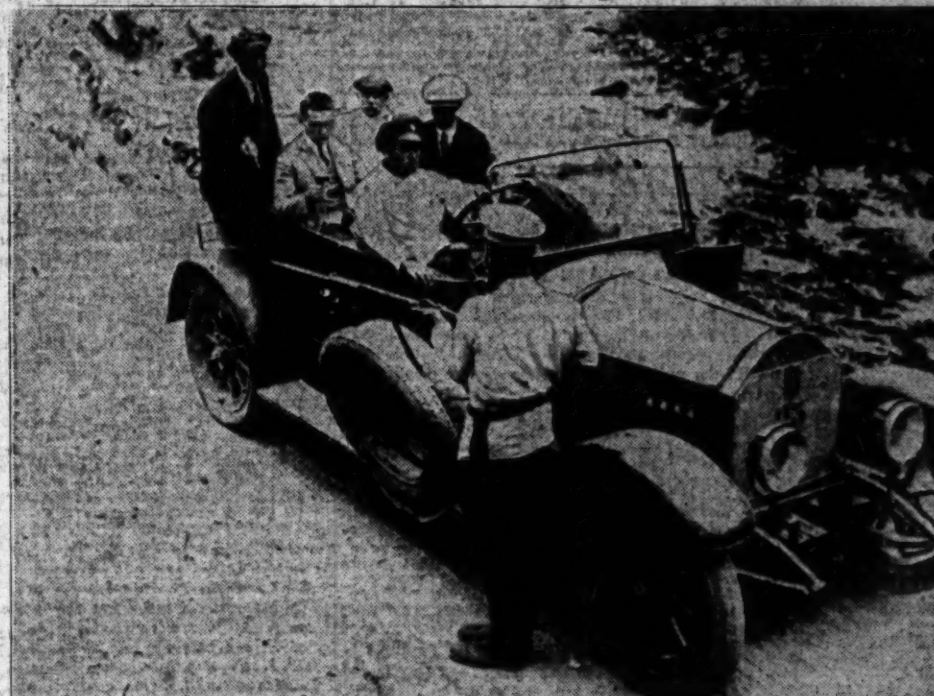

Sailor Band From the U.S.S. Arizona will present a program over KHJ, The Times radio broadcasting station, tonight. The organization is reputed one of the finest in the Navy. Photo shows the Arizona with her crew massed on deck while the vessel was in dry dock recently. (P. & A. photo.)

The Toga of the Late Senator Samuel Ralston has been placed upon the shoulders of Arthur R. Robinson of Indianapolis by Gov. Jackson of Indiana. The new solon (pictured above) is a prominent attorney and was an officer in the A.E.F. (P. & A. photo.)

The Entire Strength of "the Komitadjis" or Macedonian Bandits, self-styled "citizen soldiery," will be added to the present Bulgarian army within the next twenty-four hours unless Greece and Bulgaria comply with the demands of the League of Nations Council, which convened at Paris yesterday, and cease hostilities. While "the Komitadjis" is a bandit organization, the members are on friendly terms with the Bulgarian soldiers, with whom they fraternize freely. Photo at left shows two "Komitadjis" with a soldier of the regular army together on a village street in the mountains. Photo at right shows "Komitadjis" holding up an auto party to inspect its personnel before permitting it to proceed. (Keystone photos.)

Security Awarded Southern Branch Bond Issue

Improvement Securities of San Diego County Sold

Important Pacific Coast financing scheduled for the current week includes the offering today of an issue of \$1,800,000 Palo Verde Irrigation District general obligation 4 per cent bonds, due serially 1937 to 1955, by J. R. Mason & Co., and Edwin H. Frank & Co., at 180 and interest to yield 6 per cent and the early offering of municipal securities purchased yesterday.

Palo Verde Irrigation District is located in Riverside and Imperial counties, embracing approximately 88,000 acres of fertile river valley land, including the towns of Blythe and Ripley. The district borders thirty miles along the Colorado River which furnishes a proven supply of water at an economical cost.

According to information officially reported by the district, the value of real estate in the district is in excess of \$18,000,000, while the total outstanding bonded indebtedness, including this issue, is \$4,250,000. The average annual gross income from land now irrigated is \$110 per acre, while the estimated average annual charge for water is \$10 per acre. The maintenance and operations, is only \$10.

COTTON RAISED

Approximately 35,000 acres are now under cultivation. The principal crops in cotton, but alfalfa and vegetables are important or-funda raised.

Prices of cotton are payable from an unlimited value of tax, ranking equally in point of value with all general taxes. Bonds are issued under the supervision and control of the California State Bond Certification Commission.

The proceeds of the Palo Verde bonds will be used in part to acquire the existing water rights and irrigation system of the Palo Verde Mutual Water Company, which owns the oldest water rights on the Lower Colorado River. The balance will be used for improvement of the water rights to the present system. The bonds are legal investment for savings banks, life and fire insurance companies, trust funds, and eligible as security for public deposits in California.

SCHOOL LIENS

An issue of \$700,000 City of Los Angeles School University 4 1/2 per cent bonds, Los Angeles' contribution to the purchase of the new site for the University of California, Southern Branch, was awarded yesterday to the Security Company for a premium of \$700.

The bonds are due 1926 to 1950. Other bidders were Citizens National Company, \$50,000, and Anglo London Paris Company, \$27, for the first \$100,000 of the issue.

Two bond issues, aggregating \$475,000 were awarded yesterday by the Board of Supervisors of San Diego county to Peirce, Fair & Co. for premiums totaling \$70,000.

The largest issue, that of \$225,000 for hospital, tubercular and poor farm improvements, was for a premium of \$17,500. The smaller issue of \$250,000 detention home bonds was awarded on a premium of \$20,000.

Eight investment banking houses submitted bids for the larger issue, and seven for the smaller. The bids were considered excellent considering the present condition of the bond market. The successful bidder is obliged to furnish the money within thirty days, and an early start on the improvement work is planned by the Board of Supervisors.

London Daily Radio

BY ARTHUR W. KIDBY

BY WIRELESS—EXCLUSIVE DISPATCH (Copyright, 1925, New York Evening Post, Inc.)

LONDON, Oct. 26.—Financial markets were quiet and irregular today.

Foreign issues were unsettled in response to further weakness in French issues which sagged with exchange. Rates on Paris fell to 121 francs to the pound, the lowest ever recorded.

Mexican securities were in demand on buying from New York reflecting reports of a debt reorganization. Investments were steady.

The only feature was industrial strength developing in the textile group, including Courtauld and Bradford Dyers.

Preparations have been made for shipment of gold to the United States on the George Washington, the Paris and the Aquitania, although in view of the recovery in exchange, cancellations, of course, are possible.

ESPEE MERGER UP AGAIN

Rock Island's Disposal of Cotton Belt Believed to Forecast Renewal of Negotiations

More than a little significance is attached by Southern Pacific stockholders to the sale of the Cotton Belt Line by the Rock Island. Some of them profess to see in this transaction the preliminary proceedings looking to the consolidation of the Southern Pacific with the Rock Island, as provided in the tentative plan of the Interstate Commerce Commission.

At the time the Rock Island sought control of the Cotton Belt, the story was circulated that the deal offended the Southern Pacific interests, and immediately blocked the negotiations for the merger of the Southern Pacific and the Rock Island. The Rock Island's actions in this connection have never been explained, since the Cotton Belt was not assigned to the Southern Pacific-Rock Island group in the commission's plan, but included with the Katy and other southern lines.

COMMISSION FIRM

Apparently, the disapproval of the Rock Island deal and the resultant sale of the Cotton Belt to the Kansas City Southern indicate that the commission is determined to conform to its tentative plan as far as these lines are concerned. And more important to Southern Pacific stockholders, may foreshadow the early union of the Espee with the Rock Island.

As railroad men point out, the operation of the Rock Island and Southern Pacific lines under one management is vital to the latter road if the agitation for faster time between Los Angeles and Chicago culminates successfully. Also the Southern Pacific is anxious to obtain the Rock Island ownership to insure efficiency of operation in all of its schedules, particularly in the movement of perishable goods.

For these reasons, the Espee, until the Cotton Belt affair arose, looked with favor on the Rock Island purchase.

It purchased, as the first step in the plan of fusion, the control of the El Paso and Southern, which connects with the Southern Pacific and the Rock Island. While these negotiations were in process, it was understood in the stock market that Southern Pacific interests were quietly acquiring Rock Island stock in the open market.

Now, it is possible that negotiations will be resumed, since the Cotton Belt has passed from Rock Island hands. At least, the attitude of the commission is known for it is presumed that the commission will approve the acquisition of the Cotton Belt by the Southern Pacific, and that the Southern Pacific will not protest.

The Southern Pacific has had ideas concerning the inclusion of the Cotton Belt in its own system, but it plainly was not willing to let the hands of the Rock Island interfere.

OTHER MERGERS

With the Cotton Belt line included with the Kansas City Southern, Missouri, Kansas and Texas, commonly known as the Katy, and several smaller roads, it is the plan of Leonor F. Loree, chairman of the Kansas City Southern, and president of the Delaware and Hudson, to build one of the largest railroad systems in the country.

In the East he has announced proposals to build a trunk line to compete with the Baltimore and Ohio and New York Central, running more than 9000 miles. With the Southwest group, the new system would extend more than 15,000 miles.

The Interstate Commerce Commission, however, has not yet approved this plan of consolidation, nor has it given assent to the "Stock Plan" merger.

A leading merger program was effected by the Missouri Pacific, which reached down to the Southwest to acquire the Texas and Pacific and International and Great Northern.

The commission, in its approval of the purchase by the Espee of the El Paso and Southern, has indicated its desire to facilitate the accomplishment of the Rock Island-Southern Pacific combination.

Evidently, then, all the main lines in the path of consummation of the price that will be paid for Rock Island control.

Stock Exchange Tax Repeal Plan Makes Headway

As part of the campaign to reduce taxes the stock exchanges in the United States yesterday placed before the Ways and Means Committee of the House of Representatives the suggestions of the organized markets on the repeal of the stamp tax and the occupational tax on stock brokers.

The memorandum on the repeal of the stamp tax advanced the argument that the tax upon the sale or transfer of securities imposes a serious burden on investors and business throughout the United States. Further, it was shown that the tax is a burden on corporate financing; that in its present form it falls inequitably upon different stock transactions, which is a defect not capable of practical remedy; and that the tax impairs the mobility of American capital and the American machinery of credit.

The smaller stock exchanges, assisted by the New York Stock Exchange, are working earnestly for the abolition of these taxes, Mr. Pettengill stated, and hope to achieve success with the Ways and Means Committee.

ESTIMATE ON COTTON INCREASED

Gain of 467,000 Bales Indicated by Government Bureau Reports

WASHINGTON, Oct. 26.—A probable cotton production of 16,225,000 equivalent 500-pound bales, the Department of Agriculture announced today, is indicated by reports as of the 15th last, compared with 14,758,000 bales in 1924, and a 10 per cent increase over last year's crop of 15,225,000 bales.

The probable yield from indications of the 15th last, as placed at 164,700 pounds of lint cotton per harvested acre, compared with 145,900 pounds on the 1st last, and 157,400 pounds on the 1st last year.

An abandonment of cotton acreage since June 25 of 4.8 per cent, leaving about 44,531,000 acres for harvest this year, is indicated by preliminary reports. That compares with an estimated abandonment from June 25 to the close of the season of 3.0 per cent in 1924, of 4.1 per cent in 1923, and a 10 per cent average of 3.3 per cent.

To Offer Bonds to Finance Big Power Merger

Generating capacity of the Interstate Public Service Company, one of the most important public-utility companies in Indiana, has been practically doubled by the acquisition of the Indiana Power Company, which has been effected with a part of the proceeds of an issue of \$2,825,000 first mortgage and refunding 5 1/2 per cent bonds, which the company has just sold to Halsey, Stuart & Co. The bonds will probably be offered for public subscription within a few days.

Included in the newly acquired area is a part of the rich bituminous coal-mining sections of the State, where the Interstate Public Service Company is now serving a large number of coal mines. Territory, including the city of Vincennes and a number of smaller cities, has been added to the large territory already served by the company. It now also supplies the power requirements of the Baltimore and Ohio Southwestern Railroad Company at Washington, and other industries.

The Interstate Public Service Company is controlled by the Mid-West Utilities Company, of which Samuel Insull is chairman of the board of directors, and Martin J. Insull is president.

Gross Earnings of Utility Firm Show Increase

Gross earnings of the Cities Service Company for the twelve months ending September 30, last, were \$11,845,192, as compared with \$11,774,094 in the corresponding period of the preceding year, according to a report issued yesterday by Henry L. Doherty & Co., fiscal agents.

Net earnings in the same twelve months amounted to \$11,077,902, as compared with \$10,851,259. Net to stock and reserves totaled \$11,841,406, which is 2.03 times the preferred-stock dividends, as compared with \$14,458,050 for the twelve months ending September 30, 1924, which was 2.15 times the preferred-stock dividends.

Net to common stock and reserves was \$10,773,056, equivalent to \$1.51 a share on the actual amount of \$70 par value common stock now outstanding, as compared with \$9,880,140 for the previous twelve months. The decline in percentage earnings on the common stock outstanding September 30, last, is the result of the fact that during February \$5,441,132 in common stock automatically became outstanding as the scrip dividends which had theretofore been issued in lieu of stock dividends were redeemed.

ADVANCE IN OIL STOCKS CONTINUES

United and Union Gain; Julian Preferred Lower; Pacific Gas Up

Trading on the Los Angeles Stock Exchange yesterday was featured by general advances in the oil and public utility stocks. Julian Petroleum advanced 2 points to 25, and continued its decline, selling off 1-4 point to a low at 14 1/2, while United Oil was an active trader and advanced to 53 1/2, and closed at 54, a net advance of 1 point over the previous day's closing.

United Oil closed 1-4 point higher at 28 1/2, and Union Associated added 1-2 point to 25. Marine Corporation sold off 2 points to a close at 14 1/2 on a good turn-around. And San Francisco Gold was firm at 26.

Southern California Edison common opened 1-2 point lower at 12 1/2, recovered to 13 1/2, and sold off at the close to the opening figure of 13 1/2. The 4 per cent preferred issues held steady at 11 1/2 and 97 3/4, respectively.

Gas and Electric was steady at 26 1/2, a net advance of 1 point over the previous day's closing. Active and sold steady at 5 1/2.

In the bank list, American Commercial Corporation was the heaviest trader, although the list was generally quiet. Opening 5 points lower at 205, American Commercial recovered 3 points to a close at 210, a net loss of 3 points from Saturday's close.

It opened steady at 42 1/2, but sold off at 42, closed at 42 1/2, a net loss of 1-2 point to a close at 41. Prices Consolidated held steady, and San Francisco Gold was firm at 26.

OIL PRICES CUT BY STANDARD

Heavy Grades Reduced by 15 Cents a Barrel; Fuel Also Slashed

Reductions in the price of heavy crude oil of 15 cents a barrel and of 11 and 30 cents in the price of fuel oil were announced last night by the Standard Oil Company. The new prices are effective today.

The base price for heavy oils in the San Joaquin Valley is now 75 cents a barrel, and in Southern California the new base is 55 cents. No reduction is made in the price of light oil.

At Richmond, the reduction of 21 cents for fuel oil brings the base price to \$1.04 a barrel. The base price at El Segundo and San Pedro, as a result of a cut of 20 cents, is now \$1 a barrel.

COMPANY AND PROPERTIES: Pasadena Ice Company, a California corporation, was organized in 1901 and has been continuously engaged in the ice and cold storage business for over 24 years, serving the City of Pasadena and other communities of Southern California, either directly or through subsidiary companies. At the present time nearly all towns and communities situated between Eagle Rock and Highland Park on the west and Ontario and Chino on the east are being served from conveniently located service stations and the manufacturing plants in Pasadena, Highland Park, Monrovia and Pomona. Cold storage warehouses are operated in Pasadena and Pomona.

EARNINGS: The net earnings of the Company for the last four calendar years, as certified by Price, Waterhouse & Co., Certified Public Accountants, after deducting operating expenses, depreciation and taxes (except Federal taxes), have averaged \$104,830.40 per annum or over 2 1/2 times maximum annual interest charges on this issue. Increased earnings are to be expected because of operating economies which will be effected in the manufacture of ice and from the revenues to be received from a new cold storage plant now under construction in Pasadena.

SECURITY: These bonds, in the opinion of counsel, will be secured by a direct first closed mortgage on all the properties of Pasadena Ice Company, which include, besides manufacturing plants; equipment, and cold storage warehouses, real estate situated in twelve cities of Southern California. In addition there will be deposited with the Trustee the entire outstanding capital stock of the Pomona Valley Ice Company. Mr. F. C. Finkle, Consulting Engineer, who has examined the Company's properties, and those of the Pomona Valley Ice Company, has placed a combined value on them as of July 1, 1925, of \$1,267,170.85, which with the cost of additions and improvements to be made with the proceeds of this issue will give a total value of \$1,701,895.88 or over 2.8 times the amount of these bonds.

SINKING FUND: A sinking fund is provided commencing July 1, 1928, which will steadily reduce the Company's indebtedness through annual retirement of bonds, thus constantly increasing the bondholders' equity in the property. These payments, increasing from \$20,000 in 1928 to \$50,000 in 1944, together with the \$50,000 due in 1945, will be sufficient to retire all bonds by maturity.

PURPOSE OF ISSUE: The proceeds of these bonds will be used to construct a modern cold storage plant in Pasadena, to install modern and efficient manufacturing equipment in the Pasadena factory and to fund current indebtedness.

MANAGEMENT: The operation of the business will continue under the direction of Mr. S. Hazard Halsted, President, who has been identified with the Company for twenty-five years and who has associated with him men of experience and ability. The Board of Directors is composed of the following well known business men of Pasadena and Los Angeles: Freeman A. Ford, S. Hazard Halsted, C. H. Hamilton, J. H. Henry, A. L. Rowland, Wm. R. Staats and C. Birdsall Smith.

Gross Earnings of Utility Firm Show Increase

Gross earnings of the Cities Service Company for the twelve months ending September 30, last, were \$11,845,192, as compared with \$11,774,094 in the corresponding period of the preceding year, according to a report issued yesterday by Henry L. Doherty & Co., fiscal agents.

Net earnings in the same twelve months amounted to \$11,077,902, as compared with \$10,851,259. PLETHORA OF MONEY SHRINKING

Moody, However, Sees No Indication of Economic Turn Downward

Moody's weekly review of financial conditions in its current issue says in part:

The great volume of capital seeking investment continues to account for the boom in the stock market. Yet the real plethora of capital is now diminishing, and sometimes even a voracious public appetite for stocks disappears suddenly.

We are still in a constructive period; the economic index have not turned bearish; there is no genuine inflation of business; and yet because nearly all stocks are selling so far above their reasonable estimates of permanent intrinsic value, it is becoming more and more difficult to invest wisely or conservatively.

Presumably we are already in a distributing market; and in such markets the stock price averages repeatedly touch the approximate peak levels after each large reaction of 5 or 10 points. Nevertheless the stocks which do most of the reacting are the ones which do but little of the recovery, so that the averages are deceptive.

Theoretically the stock market is at that level at which representing stocks yield about half a point less than competing new bond issues at flotation prices. At present they are yielding about one-fourth point less.

WHEN PERMANENCE MEANS MONEY

In 1896 John Smith had an appraisal made of his warehouse. Q In 1924, twenty-eight years later, the building burned down. The appraisal also burned. Q The appraisal organization had their copy—plans, specifications, quantities of materials, labor, etc.—in their vault. They gave him the present cost of the warehouse. He used it as a basis for settlement of his fire loss. Q He was glad the appraisal organization was still in business. Q Stability and permanence are as essential in an appraisal organization as in an insurance company.

STATISTICAL INFORMATION

(As officially reported)

Valuation of real estate securing these bonds	\$13,385,000.00
Total outstanding bonded indebtedness of District for levee, drainage and irrigation, including this issue	\$4,256,330.04
Average value of land within District	\$150.00 per acre
Average annual gross income from land now irrigated	\$115.00 per acre
Average outstanding bonded debt for Levee, Drainage and Irrigation	\$48.00 per acre
Estimated average annual charge per acre for all purposes, bonds, maintenance and operation	\$10.00 per acre
Annual market value of crops	\$5,000,000.00
Gross area of district	88,693 acres
Irrigable area	88,000 acres
Area now irrigated (in cotton, vineyards, alfalfa, vegetables, etc.)	35,000 acres
Average size of land ownership	80 acres
Number of taxpayers within District	1,100
Population of District	7,000

LOCATION: The Palo Verde Irrigation District, in which are situated the towns of Blythe and Ripley, includes the great Palo Verde Valley, bordering 30 miles along the Colorado River, and comprises approximately 88,693 acres of fertile river valley land. The Santa Fe Railroad and highways afford transportation facilities for the products of the district. Rich soil and ability to widely diversify products of this district, insure sound land values.

The soil is extremely deep and rich, having been built up through the ages from silt deposits from the upper basin of the Colorado River. There are few other sections in Southern California, to which a proven supply of water can ever be as economically delivered for irrigation purposes.

SECURITY AND PURPOSE OF BOND ISSUE: These bonds, authorized by a vote of the people, are issued under Act of the Legislature approved June, 1923, and sustained by the State Supreme Court, December 1st, 1924.

Principal and interest are payable from an unlimited ad valorem tax of equal importance in point of lien with general taxes and ranking wholly ahead of all mortgages including mortgages securing Federal Land Bank Bonds. The bonds are issued under the supervision and control of the California State Bond Certification Commission.

These bonds are issued for the purpose of acquiring the water rights and irrigation system of the Palo Verde Mutual Water Company, which in turn was successor in interest to water rights initiated about 50 years ago. These are the oldest rights on the lower Colorado River. For these water rights and system the Mutual Water Company receives about \$1,284,000. The balance of the bond proceeds is to be used for improvements and extensions of the irrigation system and to refund \$213,000 of district bonds now outstanding.

Hon. W. F. McClure, State Engineer, and Messrs. Caldwell and Richards, Engineers, Los Angeles, have approved all engineering pertaining to these improvements.

BOND QUOTATIONS

Foreign Issues Lead
(BY A. P. HOGUE WIRE)

NEW YORK, Oct. 26.—Foreign
obligations again supplied the main
features of trading interest in to-
day's bond market with domestic
railroad and corporation issues
holding firm, despite a conflict of
price movements. A somewhat
tighter money situation imposed
restraint upon trading.

A rise in Mexican obligations to
new high levels for the year quick-
ly followed last week's announce-
ment that Mexico would resume in-
terest payments on her external
debt next year, under a modified
agreement. Revision of the debt
paid was favorably received both
in the United States and in Mexico,
creating a brisk demand for the
various issues listed on the stock
exchange. Net gains ranged from
1 to 3 points.

Nervousness over the French
financial crisis contributed to the
early heaviness of that nation's
bonds, but the selling was checked
later by the announcement that
the government had come to the
support of the franc through the
sale of its Morgan loan. German
obligations also eased off as a re-
sult of uneasiness over disputes
within the Cabinet.

The domestic list was dotted
with a number of strong spots, al-
though the upward trend was by
no means uniform. Gains of 1 to
3 points included American Ice Co.,
the Virginia-Carolina Chemical In-
dustries, Chicago Railway Co., Florida
Western and Northern, and Re-
public Iron and Steel Co. The re-
cent drop in the price of raw sugar
to around 3 cents a pound caused a
concentration of selling pressure
against the sugar-company lien
with American Beet, Eastern Cuba,
Cuban-Dominican and Manati In-
dustries losing ground.

Indications that debt settle-
ments were clearing the way for
increased foreign borrowing were
seen in the announcement that an
offering of \$25,000,000 twenty-
year 7 1/2 per cent bonds, the first
installment of an authorized \$50-
\$60,000 loan would be offered to-
morrow for Czechoslovakia. The
issue is priced at 94 to yield over
8 per cent. The government of
Peru and the city of Valparaiso,
Chile, were mentioned as possible
South American borrowers.

Today's new bond offerings, in-
cluding \$12,500,000 for the in-
dustrial Steel Company and \$100,000
for the city of Heidelberg, Ger-
many, were quickly oversubscribed.
Some of the new offerings and their
prices are given below.

FILE WILL OF MRS. FOWLER

Fortune of \$5,000,000 Left by Widow of Express Publisher Goes to Children
An estate roughly estimated to be worth about \$5,000,000 is disposed of by Emily Fowler Fowler's will which was filed yesterday for probate. Mrs. Fowler, prominent in Los Angeles and Washington societies, was the widow of Edwin T. Fowler, publisher of the Express. She died the 17th inst. In the estate are the building occupied by Bullock's, the Central Building and other downtown properties. Most of the estate goes into trust, the income from which goes, share and share alike, to her four children, all of the Earl family.

EL RODEO HONORED

University Year Book Gets Seventh Place
Of 514 college year-book entries, the 1925 El Rodeo, annual of the University of Southern California, has been adjudged seventh on the approved list of American student annuals depicting college life, according to the selection of a committee of the Central Intercollegiate Press Association, including Oswald Cooper, Joseph Chenoweth, Louis Flader and J. L. Fraser. This is the first time that El Rodeo has received mention in the national contest, and according to Bart Hutchins, student editor of the 1925 year-book of U.S.C., all the books which were placed ahead of the Southern California volume had won places before.

OPERATION FOR LOCAL ATTORNEY PROVES SUCCESS

Jefferson P. Chandler, member of the legal firm of Chandler, Wright & Ward, was operated on yesterday afternoon at the Westlake Hospital for appendicitis. The operation, it is understood, has been all going for some weeks. The operation was advised by physicians as a precautionary measure. It will be a week before Chandler will leave the hospital, it is believed, and taken to his home at 718 West Twenty-eighth street.

TWO DEAD IN TRAFFIC ACCIDENTS

Girl Almost Instantly Killed When Hit by Truck; Woman Dies in Hospital
Two more deaths were added to the toll of traffic yesterday. A young Mexican girl, whose identity had not been ascertained, was killed almost instantly late yesterday afternoon by a truck driven by Charles E. Hamilton, 11 years of age, of 514 Western avenue, Glendale. The driver was placed under arrest on a suspicion of manslaughter charge after investigation by police. The girl, about 15 years of age, was crossing the street in front of the Baker Iron Works when the truck struck her. She was run down at Twenty-fifth street and Central avenue Saturday night. Yesterday she died at the General Hospital, where she had been taken after receiving emergency treatment at the Receiving Hospital. Police stated that this accident was unavoidable.

FLOURISHING AGRICULTURE OF SOUTHLAND PRESAGES MORE PROSPERITY, OBSERVER SAYS

"Practically all agricultural industries in this part of California are in a more prosperous condition today than they have been for several years," says an observer. He said yesterday that "every indication points to a continued prosperous condition of the agriculture of a community." Mr. Thorpe said, "It is generally measured by the wholesale value of its productions in comparison with the wholesale value of what it consumes. Southern California's principal sources of income are derived from agriculture, stock raising and manufacturing." "Practically all agricultural industries in this section are in a more prosperous condition today than they have been for several years," says an observer. He said yesterday that "every indication points to a continued prosperous condition of the agriculture of a community." Mr. Thorpe said, "It is generally measured by the wholesale value of its productions in comparison with the wholesale value of what it consumes. Southern California's principal sources of income are derived from agriculture, stock raising and manufacturing."

The Lancer
Harry Carr
THIS one is going to be most about animals. Hither and yon—as it were. Especially about horses and bears.

MUCK-RAKING BRUIN
For years a controversy has raged about bears—whether they are friendly clowns or vicious and dangerous killers. The bear is at once the most feared and the most loved of all animals. A. H. Robert, a famous animal tamer, has written an article explaining this anomaly. He says the polar bear, the Kodiak, the Himalayan, the American grizzly are dangerous and vicious. All other bears are inclined to be friendly and good-natured.

THE SAVAGE PODAR
I once knew another famous animal trainer, who told me the same about polar bears. He said they were the only wild animals he had ever thoroughly feared. A polar bear, he said, will wait for years for a chance to threaten you. They always attack in the same way—grab the trainer by the stomach and tear out the vital.

SMELL BLOOD
Robert destroys one cherished illusion, however. He says it is a nature fact about wild animals being maddened by the smell of blood. When a man is killed or wounded in a cage, Robert says, the other animals are driven to frenzy by the excitement—not by the smell of blood. He cites a great many instances to show that wild animals do not pay the slightest attention to blood.

CAVALRY RIDES
A British veterinary officer has written a most astonishing book about animals in the World War. Among other facts he gives some amazing figures about long cavalry rides. After the third battle of Gaza a British cavalry regiment rode for seventy hours through the blinding heat of the desert without water for the horses. During the same campaign the Lincoln Yeomanry (British) rode eighty-four hours without water for the horses, and three days of this time without feed.

BORDER DAYS
In the old border days of the American frontier the cavalry made some terrible rides, but I imagine that these two rides of the British cavalry come near being the record. It would be interesting to know what kind of mounts were used. Boosters for the Arab horse claim that his windpipe is about twice as large and his lungs about a third larger than that of an ordinary horse, and that the Arab is consequently the only war horse capable of these long and terrible marches.

HORSES OF WAR
A lot was learned about horses during the war. One officer reads that cavalry played no part in the war, but this is not true. There were a lot of brilliant cavalry campaigns and innumerable mounted fights.

Use Colgate's

It removes causes of tooth decay

Preserve the youthful charm of your smile by sensible care of your teeth. Don't wait until tooth decay sets in. Preventive dentistry is the new note in advanced dental practice. Colgate's Ribbon Dental Cream has always been in the forefront of this scientific move. Colgate's is a preventive dental cream, pleasant to use, and thoroughly effective. It removes causes of tooth decay.

Colgate's contains no harsh grit—no dangerous ingredients. It "washes" your teeth gently and safely. Its principal ingredients are fine chalk and mild soap, the two substances recommended by eminent dental authorities. Large tube 25¢.

CLEANS
TEETH
THE RIGHT
WAY

don't

be satisfied to eat bread just as a matter of habit, simply because it's "good." Try a loaf of *Gordon's Bread* and see how light, how delicious, how outstandingly fine bread really can be. *Gordon's* is the best baked, best tasting bread you ever ate. No matter where you buy it you'll find it absolutely fresh. When you take it from the dust-proof wrapper, the very appearance just whets the appetite. And one bite makes you see why *Gordon's Bread* is preferred in Los Angeles. Ask for it by name at your grocer's. Look for the name "*Gordon's Bread*."

Are You Tired of Doing Without?

Tired of doing without things? You can make more money! Train in the *Marinello* System of Beauty Culture. Complete instruction in every branch of the work, including the new, exclusive *Marinello* System of Permanent Waving. Practice on living models; also simplified teaching with picture films. Our instruction qualifies you to take state examinations. Day or evening classes. Divided payment terms. Send for our free descriptive booklet—it's full of things you want to know about.

1925 OCTOBER 27

HOME BEAUTIFUL SHOW

from 2:30 to 5

OLYMPIC AUDITORIUM

18th and GRAND

SOCIETY

BY JUANA NEAD LEVY

One of the lovely weddings of last week was that of Miss Ellen Kearney Patrick, attractive daughter of Mr. and Mrs. J. D. Patrick, and George B. Moore, Jr., son of Mr. and Mrs. George B. Moore of Seattle, the ceremony taking place at the home of the bride's parents in Maylin street, with Dr. Leslie B. Larned, rector of All Saints Church, Pasadena, officiating in the presence of relatives and friends.

The bride was given in marriage by her father and was assisted by Miss Dorothy Merrill as maid of honor, while the bridesmaids included Miss Susanna Watson and Miss Alice Nelson. The bride wore a becoming gown of white georgette trimmed with Chantilly lace, and her veil was held in place by a wreath of orange blossoms. She carried an arm shower of shell-pink roses, white peonies and lilies of the valley. The attendants were all frocked in chiffon in pastel shades. Miss Merrill wearing green, Miss Watson orchid and Miss Nelson orchid tones. They all carried bouquets to harmonize with their gowns. Harry Wales of Seattle served Mr. Moore as best man. The wedding music was played by Miss Ramona Baker. Miss Lorraine Noble sang "At the Feet of Jesus."

Eat Mueller's Spaghetti and you don't need potatoes!

MUELLER'S SPAGHETTI

With the Better Taste Delicious with better sauces or meat gravies. **Cooks in 9 minutes!**

AWARDED GRAND PRIZE Panama-Pacific Exposition, 1915

Back Again

Mrs. Elizabeth C. Hull has returned to Los Angeles after an eight months' tour abroad, where she visited in all the principal places of interest on the continent, also visiting for some time in the Holy Land and Egypt, and passing some weeks in Constantinople. Mrs. Hull will be domiciled for the winter at the Gaylord, in Wilshire Boulevard.

Engagement Announced

Formal announcement is made this morning by Mrs. E. B. Hunter of South Kensington avenue of the engagement of her daughter, Miss Margaret McKenna Hunter, to Beach Miller Rising, son of Mr. and Mrs. Franklin E. Rising of South Kensington avenue.

Miss Hunter is an alumna of

Of Interest to Women.

Fortnightly Talks

Among the interesting affairs of the coming winter will be the fortnightly talks, which are being scheduled for the second and fourth Mondays of November, December, January and February at 8 p.m. in the Women's Athletic Club, and given by Thomas G. Patton on topics of special interest. Patronesses of the events include Mrs. Alexander Buchanan Barrett, Mrs. William A. Brackenridge, Mrs. Robert D. Clarke, Miss Elizabeth Bush, Mrs. George Buchanan, Mrs. James Buchanan, Mrs. Philip Schuyler Doane, Mrs. William May Garland, Mrs. Charles Jaffray, Mrs. Milbank Johnson, Mrs. Will Edward Keller, Mrs. John Kemp, Mrs. James Reed, Mrs. Clarence King, Mrs. Edward Laughlin, Mrs. George B. McCaulay, Mrs. John Edgar Maurer, Mrs. Alexander Macdonald, Mrs. Davie Hampshur Jones, Mrs. William Gibbs McAdoo, Mrs. Avery McGee, Mrs. James Russell Page, Mrs. Leo Allen Phillips, Mrs. John Newton Russell, Jr., Mrs. Roy Nelson Strohn and Mrs. Russell McDonald Taylor.

Homes Again

Mrs. Raymond L. Johnson entertained Thursday evening with a dinner party of fourteen guests, the occasion celebrating her return from nearly a year's sojourn in the Hawaiian Islands, where she went to visit her husband in Honolulu.

Mr. and Mrs. Johnson were accompanied home by the Princess Martha Loo Mamo Hirani, who contemplates passing the winter in Los Angeles. The table was beautifully decorated with California poppies, and at each place was a miniature ukulele, while American and Hawaiian flags were combined throughout the living-rooms in compliment to the honor guest, who gave a program of songs and music of her native land.

Society Dance

The Zeta Alpha Tau sorority of the University of California entertained with a Halloween dance at the home of Mr. and Mrs. Ben White in North Hollywood Drive, the guests being members and pledges. A silver loving cup was given Miss Jeanette Stevens and Ted Buckley, winners of the dance contest. The house was beautifully decorated with Halloween motifs.

Chef Wyman's Suggestions for Tomorrow's Menu

Breakfast

Sliced Bananas
Cereal with Cream
Buttered Toast
Milk
Coffee

Luncheon

Meat Balls Italian
Baked Potato Souffle
Hot Rolls
Jellie Apples and Raisins
Milk
Tea

Dinner

Roasted Lamb of Mutton, Capers Sauce
Mashed Turnips
Baked Potato Souffle
Tomato and Green Pepper Salad
Apple Sauce Cake
Milk
Coffee

MEAT BALLS ITALIAN

Remove the fat and bones from enough cooked beef to make three cupsful after it has been run through the fine knife of the meat chopper and mix it with one cupful of bread crumbs, two egg yolks, one teaspoonful of onion powder, one minced clove of garlic and a seasoning of salt and pepper. Roll the mixture into twelve small balls, roll the balls in flour and fry a slice brown in hot butter. Roll spaghetti in boiling salted water until tender, drain and place on a hot platter. Place the meat balls on the platter, spaghetti and pour over all two cupsful of well-seasoned tomato sauce. Sprinkle with Parmesan cheese and serve hot.

JELLIED APRICOTS AND RICE

Place the syrup drained from one large can of apricots in a saucepan and add to it two tablespoonsful of sugar and boil until clear. Boil one tablespoonful of apricots in cold water for twenty minutes and add to the hot syrup. Boil the mixture for five minutes. Strain and cool. Chill small individual moulds in cracked ice and pour the mixture into the moulds and let stand in the ice until firm; repeat this process.

ICE HOCKEY STARTS AT LAKE ARROWHEAD

With the first snow of the season at Lake Arrowhead, first practice will soon be called for the ice hockey teams as soon as the ice is firm enough for the skates. Besides preliminary contests between teams recruited in the mountains, contests will be held with other Southern California aggregations.

Woman's Safety

From losing charm under a trying hygienic situation comes this way

SCORES of women's disorders are largely traced today to old-time "sanitary" pads, insecure and unsanitary. In 10 better class women today employ "KOTEX."

Wear lightest gowns and frocks without a second thought, any day, anywhere. 8 times as absorbent as ordinary cotton pads!

Deodorize. Ends ALL fear of offending. Discards as easily as a piece of tissue. No laundry. You get it at any drug or department store simply by saying, "KOTEX." No embarrassment.

In fairness to yourself, try this new way. Costs only a few cents. Twelve in a package.

KOTEX

No laundry—discard like tissue

Clean them with Energine

"Goodness, but gloves do get soiled quickly!" "They certainly do, my dear, but do you know that Energine makes them clean again in no time! About two good rubs and my gloves are spotless every time I put them on..."

ENERGINE

"THE PERFECT DRY CLEANER"

THE HARD OF HEARING

Mr. J. The New York League for the Hard of Hearing, with headquarters at 136 East Fifty-ninth street, New York City, is an organization for rehabilitation, education, research and social service. It conducts an employment bureau, gives vocational direction, lip-reading instructions, information on authentic hearing devices, information about fraud practitioners and false cures for deafness, and many other things. If you will write to them they will be able to answer your questions. If you have any trouble with your ears, however, I suggest you see an ear specialist, also. If you do not know any reliable person...

What Women are Doing

NEW YORK, N.Y.

Complete reorganization and reconstruction has taken place in the executive section of the National Association of Women's Clubs, the new organization of the few open to the public as well as members of the association. The new organization will be given to each club a complete reorganization and reconstruction has taken place in the executive section of the National Association of Women's Clubs, the new organization of the few open to the public as well as members of the association. Suspends Fine as Bootlegger on College Boy

A plea that he was not guilty of bootlegging was accepted by the U.S. court yesterday for a college boy who had been fined \$100 for bootlegging.

Gasoline Fire Menaces Autos in City Garage

A gasoline fire in the garage of the Department of Public Works at 230 South Hill was brought under control in a short time yesterday by firemen from the department headquarters.

Public Hearings Advocated for Police Charges

That the Board of Police Commissioners obey the charter and hold public hearings on complaints filed by citizens against the conduct of police officers was the recommendation made to the City Council yesterday by the Police and Fire Committee.

Widow Denies Urging Parole for Swindler

Mrs. J. B. Norris, widow of the man who was swindled out of \$61,000 by Everett (Big Hutch) Hutchings, yesterday denied that she had ever signed a letter asking for the release of her husband.

Aviators Sell Admissions to Sky Carnival

Manned by commissioned officers of the air service at Clover Field, an automobile will take to the street today, from which the aviators will sell tickets to the Air Service Day sky carnival at the field on November 11, next.

The LAST WORD

By ALMA WHITAKER

BY ALMA WHITAKER. "Phew!" ejaculated Elizabeth, "do all women get temperamental and emotional when they are going to have a baby?"

Elizabeth has been having a trying time with her young sister. And Elizabeth herself is a smart, capable, practical but childless wife.

"Heaven knows I want to be properly sympathetic, but Elizabeth seems thoroughly unreasonably and can't be relied upon to stay in the same mood two hours in succession," she added.

"All of which is perfectly normal, cherie," laughed the woman of broad experience. "All birth is preceded by varied and temperamental emotions. It is Nature's way."

"Old Mother Earth herself is a temperamental and emotional in the spring—March winds, April showers, rainbow, sunshine, tears, temper and laughter succeeding each other in hectic pellucidity."

"Why, that's right, too. Even new governments, new nations, new movements are born through a whole gamut of emotions and excitement, hopes, demands, anger, lofty aspirations, reformation, tears, battles, bloodshed," agreed Elizabeth.

"It is true of all birth, dear," said the woman of experience. "Have you ever come in contact with a genius in the throes of composition, with an author conceiving a book with an artist visualizing a new picture, or even with a woman who is in the throes of a new emotion?"

BOY CHURCH 'Y' JOINS IN THIEVES ARE SENTENCED

Trio Sent to State School After Confessing Theft in Pasadena Edifice

Charged with breaking into from ten to thirty-two Pasadena churches each, three boys were committed to the Preston State School at Ione yesterday by Judge Archibald of Juvenile Court.

HULA DANCE RESULTS IN COMPLAINT

Delinquency Charge Made Against Caterer Permitting Boy to See Performance

Charged with having permitted a 14-year-old boy to witness a hula-hula dance staged for the benefit of a lodge "smoker," Nathan Schiller, a caterer, was charged yesterday in a complaint filed yesterday in Judge Archibald's Juvenile Court by Dep. Dist. Atty. Joss.

Schiller was placed under arrest and lodged in the County Jail. According to Joss, the dance was held at a stag party conducted in a lodge room in the Boyle Heights district. The woman who performed the dance, the complaint stated, was scantily clad, the principal part of her raiment being a grass skirt. She was said to have given a "low and suggestive" performance.

Joss stated the boy had been employed by Schiller to aid him in furnishing refreshments and food for those who attended the smoker and that he made arrangements for the dance.

Several who witnessed the dance were said to have declared that it was a perfectly proper performance and, according to Joss, the question for the court to determine is whether a grass skirt dance is decent or indecent.

Council Sells Bonds for New University Site

The City Council yesterday sold to the Security Company, which is the bond department of the Security Trust and Savings Bank, \$700,000 bonds authorized last June as the city's share of the purchasing of a new site for the Southern Branch of the University of California near Beverly Hills.

The Security Company was the high bidder, offering par and a premium of \$701. The bonds bear interest at 4 1/2 per cent. The Citizens National Bank offered par and a premium of \$40, and the Anglo-Indo-Pacific Company offered to buy \$100,000 of the \$700,000 issue for par and a premium of \$27.

CHURCH INDORSEES STAND

The Federation of State Societies has endorsed, in a letter to the City Council, the stand taken by the Automobile Club of Southern California against the permitting of advertising signs camouflaged as traffic directions and warnings.

2 Kinds The Quaker Oats you have always known and Quick Quaker—cooks in 3 to 5 minutes

YOU needn't add bran to Quick Quaker or Quaker Oats... the "bulk" that you need is already there. It ranks as a bulk food because Quaker milling leaves a large percentage of oats' gentle "roughage" stay.

Some people, we are told, don't know this important point about Quick Quaker and Quaker Oats. Start today. Note how well you will feel, how seldom laxatives will be needed.

All the richness of oats and milk... the protein, carbohydrates, minerals and vitamins... plus the "bulk" so necessary to your diet, are contained in this supreme breakfast dish... an almost perfectly balanced food.

Cooks fast now... as easy to prepare as plain toast. Get either kind at your grocer's.

The Zork Company

2502 WEST SEVENTH STREET

OUR FIRST SALE

33 1/3-50% REDUCTION

ON ALL MERCHANDISE ON OUR FLOORS WITHOUT RESERVATIONS

Fine examples of modern and antique furniture, Lamps, Mirrors, Bric-a-Brac and Objets D'art, including the fine ZORK pieces and recent imports.

We must accept this sacrifice and make this drastic reduction in price to make room for the purchases, selected recently in Europe by Mr. Zork.

RANCHER HELD FOR MURDERS

Widow of Victim Faints on Stand at Inquest

Self-Defense Plea Indicated by Attorneys

Police Records of Trio in Case Scrutinized

As the climax to a highly dramatic hearing in the Town Hall at Lancaster, a coroner's jury yesterday held Cyrus A. Kirkpatrick, old and grizzled Antelope Valley rancher, for the double murder of his two former friends, Garry E. Roach and Benjamin Friedman.

A short time after the jury had returned its verdict at the inquest, deputy sheriffs and police, checking back the records of the two victims and their asserted slayer, announced that all three apparently had figured rather frequently

in police episodes, not only in this city, but in many others.

WIDOW COLLAPSES

The inquest, which was scheduled to take place in a Lancaster mortuary, but was transferred to the Town Hall, to accommodate all the witnesses who had assembled for the hearing, was marked by the hysterical collapse of Mrs. Lucile Roach, widow of one of the victims, and the blunt refusal of Kirkpatrick himself to testify on the advice of his attorney.

The woman stumbled into the hall in a state of near-collapse, on the arm of a friend. She was weeping quietly until summoned to the stand, when she collapsed and had to be quieted before she could resume her testimony.

Some 200 men and women of Lancaster and adjacent ranches, where Kirkpatrick had been well and favorably known as a leader in community development, gathered for the inquest. A number of them expressed themselves openly as sympathetic toward the "old man." Just before the hearing began he spoke to a number of them and pleaded that they withhold judgment against him until he was given an opportunity to defend himself.

John C. Gibler, a neighbor of Kirkpatrick, was the chief witness. He said he joined Kirkpatrick on the latter's ranch last Thursday to help him with his hayings. Roach and Friedman allegedly arrived in the best of spirits,

he stated. They remained up until about 9 p.m. playing pitch. The next morning, he said, he found the hay too wet to cut and was about to drive away in his automobile when he saw Kirkpatrick "marching Roach and Friedman out of the house at the point of a shotgun."

"He marched them over to the pump house, a short distance away and shouted out to me to get him a chair. I told him to put the gun down, but he replied that he had two thugs that he was going to turn over to Constable Cummings."

"I got the chair and then drove to a nearby ranch and called the constable and the lawyer, N. B. Bochtel, on the phone. They came to Kirkpatrick's ranch before I could return there."

The witness stated that there had been absolutely no drinking at the ranch while he was present. Kirkpatrick was summoned next, but as his attorney, M. P. Fraiser, refused to testify.

An indication that self-defense as well as insanity may be the plea of Kirkpatrick at his trial, was given in the questions put to the witnesses by Bochtel.

Deputy Sheriff Stensland also testified. He stated that Kirkpatrick told him the two men called him "crazy," and attempted to rush him. He shot them then, according to the story he told Stensland. Constable Cummings, one of the last witnesses, testified that Kirkpatrick had told him he placed the two men under arrest and that they became abusive and attempted to escape, forcing him to shoot.

Police and Sheriff's office identification bureau records, checked yesterday, indicated that all three men have been arrested here and in other cities, both on the Atlantic and Pacific Coasts on various charges, but that Kirkpatrick and Roach apparently never had served time.

NEW TRIAL SOUGHT IN GIRL CASE

Judicial Denunciation of Hold-Out Juror Held Militated Against Client

Arguing that judicial denunciation of a hold-out juror in a similar case had militated against his client, Attorney Charles A. Barnhart yesterday sought a new trial from the Second District Court of Appeal for William Gliminiani, charged with contributing to the delinquency of a 15-year-old girl, Mary McDermott, last February.

Gliminiani was tried at Bakerfield and fined \$500 and sentenced to fifteen months in the Kern County Jail.

A few days before the trial of Gliminiani, Attorney Barnhart recited, a similar case came up for trial before Judge J. W. Mahon. The jury was unable to agree, standing eleven for conviction and one for acquittal, he related. The judge, he declared, publicly scored the juror who held out for acquittal. This action, Attorney Barnhart contended, was likely to influence Gliminiani's jurors, who were drawn from the same panel.

Attorneys for Joseph Lee Kirkpatrick, convicted of embezzlement, asked for a new trial on the ground that Kirkpatrick could not have committed embezzlement, as the money used was community property. Kirkpatrick was charged with failing to use money turned over to him by his wife in the way specified by her. The money, it was said, was to be used to buy a home. Kirkpatrick's defense was that he had delayed using it for this purpose until he could add to the sum.

The appeal of Matthew Deokert, sentenced to life imprisonment for the killing of Walter W. Power in December, 1934, was put over until November 2.

Action Against Street Banners Asked of City

To bring to an end the practice of stringing banners across the public streets the City Council's Building and Safety Committee yesterday afternoon recommended that an ordinance be enacted prohibiting such banners. The committee's report was in accordance with a request made to the Council by the Central Business District Association.

Under the present ordinance permits for these banners are issued in its discretion by the Board of Public Works. Members of the committee took the position that the present ordinance is difficult of exact, just enforcement, and that in many cases the banner-stringing privilege is being abused. If the ordinance recommended by the committee is adopted, neither the Council nor any board, department or commission will have the authority to issue any banner-stringing permits, and the placing of banners across any public street will be prohibited.

TWO HELD FOR TRIAL IN DANCE-HALL FRAY

Tony Zarilla and Isador Cantor, charged with beating Deputy Sheriff R. E. Johnson in a dance hall at Ninety-sixth and Main streets, and then walking away with his gun and badge, were held for trial in Superior Court yesterday by Justice Wood. Their bail was fixed at \$5000. Henry J. Gourdin, a third member of the party, was found by the court to be but 16 years of age, and was turned over to the Juvenile Court.

All are formally charged with robbery and resisting arrest, the robbery being based on the disappearance of the officer's gun and the statement of witnesses that the prisoners took it and the badge. Dep. Dist. Atty. Kennedy prosecuted the case.

Throat—a great relief for sore throat, bleeding gums. Druggists.—Advertisement.

PROMOTERS OF MEXICO SCHEME DENY FRAUD

Mrs. Ena M. Harper and William H. O'Brien yesterday pleaded not guilty before United States District Judge Henning of United States District Court, to misuse of the mails. They were charged with misrepresentations of conditions in connection with a development scheme they were promoting on the West Coast of Mexico. O'Brien yesterday gave \$10,000 bail in the case through his attorney, M. P. Fraiser.

ELEVEN ATTORNEYS GAIN BAR ADMISSION

Eleven attorneys were admitted to practice in California at the session of the Second District Court of Appeal yesterday. Those admitted from other States are Joseph O. Fyfe, Ohio; William O. Wanser, Kansas; J. E. Ingram, Texas; Charles H. Cooper, Montana; Charles L. Farr, Utah; John W. Wilcott, Oklahoma; John K. Boukshien, Colorado; Mark A. Hall, Iowa; Michael Telleon, North Dakota; Henry Hay, Wisconsin.

CHIEF DEPUTY CLERK RESIGNS COURT

Schuyler Cole, chief clerk of the County Court, tendered his resignation yesterday. Cole will leave the court after a brief absence. He has been connected with the court since 1911. Only the late Senator O'Brien.

EX-STAR LOSES IN LEGAL TILT

Mary Miles Minter's Suit
Thrown Out of Court

Mother's Demurrer Against
Complaint Sustained

Action Result of Asserted
Discrepancies in Bill

Mrs. Charlotte Shelby came out of the courtroom yesterday with a victory in the first preliminary court hearing of the suit for an accounting brought against her by her daughter, Mary Miles Minter, former motion picture star, when Judge Stanley of the Superior Court yesterday sustained the demurrer of Mrs. Shelby, temporarily throwing out of court the action of Mrs. Minter.

Mrs. Minter was given twenty days in which to file a second amended bill of complaint. In her first amended complaint, Mrs. Minter asserted that her mother had received in excess of \$1,000,000 from the American Film Company and the Famous Players-Lasky Corporation for services performed by Mrs. Minter under her starring contracts with these companies. The money was paid to Mrs. Shelby, it was said, as Mrs. Minter had not at the time arrived at her majority.

The former actress declared her mother had invested and reinvested a large part of the money in and about Los Angeles and she declared the financial matters resulting had become so involved that only a court of equity could do justice between her and her mother. Mrs. Minter stated her mother had admitted receiving the money and had not denied responsibility, but had failed to make an accounting. Mrs. Shelby demurred to her daughter's amended complaint on the ground it did not set forth facts sufficient to constitute a cause of action and was ambiguous in its allegations. Judge Hanby sustained the demurrer to give Mrs. Minter's attorney an opportunity to correct these asserted discrepancies.

The judge denied a motion made by Mrs. Shelby's attorneys to strike several paragraphs from the amended complaint relating to Mrs. Minter's career as a motion picture actress. Attorneys O'Melveny, Milliken, Teller & Macneil represented Mrs. Minter, while Mrs. Shelby's demurrer was prepared by Attorneys Moot & Valle.

BEACH MAY HAVE MORE TRAIN RUNS

Pacific Electric Plans
Twenty-Minute Service for
Entire Day

By a Times Staff Correspondent
SANTA MONICA, Oct. 26.—Possibility that Santa Monica and Venice will receive twenty-minute interval service practically the entire day over the Pacific Electric line today when a letter was received by the local Chamber of Commerce from the company requesting an opinion on the plan.

According to G. A. Smith, passenger traffic manager, it is the belief of the company that the mid-day will increase patronage and afford better facilities for business houses in the Bay District. At the present time a twenty-minute frequency is prevalent during the morning and evening rush hours, so the institution of the mid-day period would extend this shorter frequency throughout virtually the entire day. During noon at present only thirty-minute service is given. The thirty-minute frequency was resumed last year during the power shortage when it was found that a twenty-minute frequency did not care for the increase in expenditure. A four-month trial, it was said, may be given the mid-day twenty-minute frequency.

MOVING DAY STAGED BY CITY OFFICES

Five Municipal Bureaus
and Commissions Take Up
New Quarters

Yesterday was moving day for five city bureaus and commissions. The Boards of Police and Fire Commissioners were installed in new offices in the Equitable Building, First and Spring streets. The Police Bureau and the Fire Bureau moved from the Bullard building on North Spring street to the International Building, Temple and Spring streets.

The board of police commissioners will be considered by the Police Board at its regular meeting under the recommendation of Police Surgeon Goodrich for the establishment of a branch of the Police Department at the new Pico-street police station. It is urged that the \$20,000 received from the police bond issue, to be returned within two years from the hospital fund. The board will also consider a request from Chief Heath for recognition of the work of officers in connection with the recent robbery of a mail truck near the Santa Fe station, for which a group of suspects are now under arrest. The officers mentioned are Assistant Captain of Detective Cate and Detective Lieutenants Barr, Wallace, Hansen, Lloyd and Roberts.

Drug Violation Sentence Sets Up Precedent

Establishing a precedent in comparatively minor narcotic law infractions, United States District Judge Henning yesterday sentenced Henry Gets to serve four years in Federal prison. "What would you do if you were in my position," Judge Henning inquired of the defendant, who pleaded guilty to possession of a cache of fourteen grains of morphine and ninety-five grains of cocaine. "Why," Gets replied in a startled manner, "send me to McNeill's Island."

Theft-Attempt Suspect Placed in County Jail

Frank Harrison Wentworth, accused of an attempted robbery at the Hallman Bank branch, near Vermont avenue and Santa Monica Boulevard February 9, last, was lodged in the County Jail yesterday. He had been brought from Tulsa, Okla., by Deputy Sheriff Monteleone.

SENTENCE TODAY FOR WOMAN POSTAL THIEF

Sentence of Mrs. Agnes Story, former acting postmaster at Palmdale, San Bernardino county, was put over to today by United States District Judge Henning in order to discover how she managed to make away with \$7,000 in a small office in less than two years without the shortage being discovered sooner. He said he will ask postal inspectors to explain. Mrs. Story pleaded guilty last week, after Dr. E. H. Anthony, government physician, had pronounced her mentally fit. The examination of her sanity had been asked by her attorney, D. G. Taylor.

American office and household helps were prominent exhibits at the fair held recently in Utrecht, Holland.

DARO WEDS JEAN SHIPPEY

Promoter Admits He's Nervous as Sentence Imposed;
Honeymoon to Mexico Delayed

Lou Daro, genial promoter of world's championship wrestling bouts, married Mrs. M. Jean Shippey yesterday, the ceremony being performed by Justice Blake in his chambers. The bride and groom were accompanied by Mr. and Mrs. Harry Pollok, the former being an official of the Olympic Audietum, where Daro shows his grapple. The honeymoon, said Mr. Daro, was born in Hungary. His bride is 31 and comes from Iowa. He lives at 107 North New Hampshire avenue. Mrs. Daro resided at 815 La Salle avenue.

Mr. Daro did away with his usual custom and did not wear a carnation in his buttonhole, thus disappointing the spectators. Shortly after the ceremony Mr. Daro purchased a fresh pink carnation and went to his office to see how the ticket sales were coming along. At his own desk he discovered a waiting policeman with a warrant in his pocket. The warrant charged him with parking in a loading zone. Mr. Daro was still so nervous that he paid a fine of \$5 before Police Judge Pope.

"It's my first time," he said. "I'm not scared, just nervous. I got up at 4 o'clock this morning." The romance has been growing for the past three years, he said, and moved forward smoothly as they took to the altar. He is married and have it over with. Mr. Daro is 38 years of age and Pope.

Three Freed in Raid on Cellar; Fourth is Held

Justice Marshall yesterday dismissed charges of burglary against Paul Parker, Harry F. Thomas and Charles Finch, but held Robert Rankin, a fourth member of the party accused of ransacking the cellar of Walter A. Grant, for trial in Superior Court under \$5000 bail. The quartet, it was charged, removed 150 cases of Scotch from the cellar. But since Scotch, in these days, has no legal value, they could not be charged with its theft. The fact that an overcoat also was taken caused Rankin to be held on the charge of burglary, while the case against the other three was dismissed.

RECREATION COUNCIL FOR CITY URGED

Plan Put Up to Playground
Commission by National
Association Representative

George W. Braden, special representative of the western division of the Playground and Recreation Association of America, has prepared a statement recommending the organization of an advisory research and clearing recreation council in Los Angeles. The suggestion will be taken under consideration by the City Playground Commissioners at their regular meeting Thursday, according to Secretary Lamb.

Braden, who is the commissioner of recreation consultant, also proposes a plan whereby the neighborhood playgrounds maintained by the board be put under the direction of C. L. Glenn, director of physical education in the public schools. The development and betterment of playgrounds in Los Angeles should be brought about by the joint endeavor of the City Planning Commission, the School Board, Park Commissioners and City Council's Park and Playground Commission, Braden proposes. Such a program, with a city-wide program of sports and recreation for thousands of school children and industrial workers and other features, has been successfully carried out in other large cities, Braden maintains.

FORMERLY WAS WIFE TO SLAYER

Mrs. Lule Warrenton, Film 'Mother,' Obtained Divorce from Rancher Kirkpatrick

Mrs. Lule Warrenton, film "mother" motion picture director and lecturer, was formerly the wife of Cyrus A. Kirkpatrick, eccentric Antelope Valley rancher, who last Thursday murdered two Los Angeles men with a shotgun, it became known tonight.

When interviewed at her home in Hollywood, Mrs. Warrenton declared that she had married Kirkpatrick in 1912, at Vista Del Mar, near San Diego. However, Mrs. Warrenton declared that she never lived with Kirkpatrick, other than to say that she was divorced from him a number of years ago. She declared that she was the mysterious woman that appeared in a local attorney's office last Thursday when the attorney sought to learn her identity.

Asked if she knew much of the confessed murderer's past, Mrs. Warrenton declared: "He told me anything about himself." Mrs. Warrenton's son, Gilbert, a motion picture cameraman, styled his mother's marriage to Kirkpatrick as an "unfortunate incident in her life," and intimated that as an incident it was decidedly a closed one. For further information interviews were referred to Mrs. Warrenton's attorney, John Luter.

Attorney Luter said that Mrs. Warrenton had married Kirkpatrick about 1912 and had obtained a divorce from him on the grounds of cruelty after living with him on his ranch but a short time.

The attorney recalled that a few hours before the divorce was scheduled to come up for trial, he received an anonymous call over the telephone by a voice which threatened "to fill him full of lead" if he appeared in court to pursue the suit.

Asked if the motion picture actress would come to the aid of Kirkpatrick in his present plight, Attorney Luter declared that his client did not wish to become involved in the case in any way.

Mrs. Warrenton has been in motion picture for a number of years and gained a wide reputation as a portrayal of the part of a mother. Her films have been shown in pictures at Universal City and became well known as a lecturer on psychology before many women's clubs throughout the city.

THREE ROBBERIES COST VICTIMS \$1000 EACH

Three \$1000 robberies were reported to police yesterday. Mrs. J. E. Waterman, 120 South Grand avenue, said a thief entered her apartment with a pass key and took jewelry valued at \$1000. Dr. M. F. Lurie, 1503 South La Brea avenue, reported the loss of \$1000 in rugs and furniture, the thief having entered through a window. A burglar who entered the home of Mrs. E. V. Rosenkranz through a window obtained \$1000 in jewelry.

AN OBLIGING BEAUTY DOCTOR

A Beauty Specialist Gives Home-Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair: "Anyone can prepare a mixture at home that will darken gray hair and make it glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 1/4 ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and will not rub off."—(Advertisement.)

Mrs. Sadie E. Holtzner

Have You a Daughter?

If You Have, This Woman's Advice is of Vital Interest to You

Seattle, Wash.—"In my girlhood, I suffered with severe backaches and pain and had a catarrhal condition. These disagreeable sensations were completely eradicated and I developed into a strong and healthy womanhood because my mother gave me Dr. Pierce's Favorite Prescription. As my own daughters were developing I gave them Dr. Pierce's Favorite Prescription and in that way prevented their having any form of inward weakness. My daughters developed naturally into womanhood and I am sure it was because I had taken the 'Prescription' at that critical period."—Mrs. Sadie E. Holtzner, 2124 North 53d St.

DR. ALLEN'S OBSEQUIES TOMORROW

Interment to be Conducted at Rosedale Cemetery; Faithfulness Hastened End

Funeral services for Dr. Charles Wellington Allen will be conducted tomorrow at 1 p.m. from the family residence at 2505 Romeo street. Relatives and intimate friends of the family will attend. Dr. Allen died of hemorrhage on the 24th inst., following a short illness. Death was said to have been hastened by his insistence upon continuing to practice, even rising from his sick bed a few days before his death.

Interment will be at the Rosedale Cemetery tomorrow.

Dr. Allen was born July 17, 1875, in North Hero county, Vt. He attended Dartmouth College, and the University of Vermont, where he later studied medicine, and received his M.D. degree in 1902.

He married Angie S. Stewart in 1892, and three children, Dr. Carlton Allen, Dr. Gladys Allen, and Walker and Mrs. Gladys Allen Hanson, were born of this union.

Dr. Allen practiced medicine in Storey county, lower for nineteen years, until he came to California in 1906, practicing actively here for the past twenty years.

In 1905 his wife passed away and ten years later he was married to Mrs. Victoria Lee Fay, who was his constant companion until his death.

Dr. Allen had been a Mason for the past twenty-five years and was Past President of the council of the Golden State Camp, Modern Woodmen of America, and for the past four years an elder in the Grand View Presbyterian Church.

The appointment of Edward N. Torrey of Los Angeles as Pacific Coast manager of the Garland Steamship Line and the transfer in the near future of the Pacific Coast headquarters of the company from San Francisco to this city was announced yesterday.

The announcement came from William Chambliss, vice-president and general manager of the Garland line, which operates seven freight steamers in a fortnightly service between the Pacific and Atlantic coasts. The transfer of the company office here will make Los Angeles the headquarters of one of the largest intercoastal services in the business.

Mr. Torrey, by virtue of his appointment, becomes perhaps the youngest steamship company manager on the Coast. He is widely known, however. The appointment will take effect on November 1, when the Coast headquarters of the line also will be transferred here.

Sam Gates, student debate manager at Southern California, will be toastmaster and Dr. Alan Nichols, instructor in the school of speech, will speak, as will Ray Brennan, captain of the Trojan debaters.

Dr. Nichols is author of "Practical Debating" and has turned out three Pacific Coast champion teams in the past four years. Tryouts will be conducted shortly for the annual Southern California intercollegiate extemporaneous contest, the subject to be on some phase of the situation in China.

Besides Gates, William Henley and Adna Leonard constitute the student officers of the Southern California forensic group. Two trips away from home are being planned for the Trojan debaters, and it is rumored that one famous eastern squad will invade Troy in January.

High Masonic Degree Will be Given McAdoo

The Order of the Temple, the highest degree in the York Rite branch of Masonry, will be conferred on William Gibbs McAdoo in the Masonic Temple Thursday evening.

Dr. William C. Hamler of San Francisco, Right Eminent Grand Commander of the Knights Templar of California, and his distinguished Past Grand Commander, will confer the rank of Masonry early this year.

Collecting bacteria at various altitudes up to 8000 feet was accomplished recently at East Boston Airport, Mass., by Miss Gertrude Rogers of Quincy, Mass.

LIQUOR BLAST RAZES HOUSE

Large Cache of Spirits Destroyed by Officers After Two Women Plee from Burning Building

AN ELECTRICAL DEVICE PLACED IN A BARREL OF ASSAULT MOONSHINE LIQUOR YESTERDAY CAUSED AN EXPLOSION AND FIRE WHICH PRACTICALLY DEMOLISHED A FIVE-ROOM RESIDENCE AT 11181 SOUTH VERNON AVENUE, ACCORDING TO A REPORT MADE BY ASSISTANT COUNTY FIVE WARDEN MILLER, WHO WAS ASSIGNED TO INVESTIGATE THE CASE.

According to Miller, the house was owned by Mary C. Horrigan, 1537 South Vermont avenue, who had rented the place to John Trull Miller, who was assigned to investigate the case.

After the flames were placed under control Miller conducted a search of the premises and collected recently only by two women-lected two wrist watches, a purse,

and other personal articles, which he turned over to Deputy Sheriff Patton, who arrived on the scene a few minutes later with several other deputies. Miller reported the deputies destroyed between 200 and 300 gallons of wine, a large quantity of moonshine whiskey and several bottles and containers.

A search was launched yesterday by the Sheriff's office for the two women who were said to have been occupying the house at the time of the explosion. The house was insured for \$1000, according to Miller.

IMPERIAL DIRECTORS IN APPEAL

District Division Boundary Decision Taken Up on Issue of Good Faith

An appeal was filed in the State Supreme Court yesterday by the Imperial Irrigation District and five directors from the decision of Superior Judge Burnell in the case involving the boundaries of the five divisions of the district.

The complaint, brought by four landowners and taxpayers, detailed the steps in the creation of the irrigation district and its separation into five divisions, with a director to be elected or appointed for each division. It was charged that the directors, by a vote of three to two, adopted a resolution changing the division boundaries.

The complainants charged that the boundaries of the new divisions had been drawn arbitrarily and challenged the subsequent election of three directors. The action protested, it was asserted, was the result of a trade whereby the headquarters of the district were to be removed from Calexico to Imperial, and it was asked that the resolution and subsequent election of three directors be declared void.

Judge Burnell of Los Angeles, who heard the case, found for the complainants.

Contention of the defense is that the court action was not brought in good faith and that it should have been made earlier, before the expense of the election was incurred.

ALIMONY OF \$600 MONTH CONTESTED

Amusement Provider at Ocean Park Says Income Does Not Exceed \$750

To one person, at least, the recent whereabouts of Earl Fraser, Ocean Park amusement baron, has been no mystery. That person is Earl Fraser, he told Judge Summerfield yesterday, when he appeared to contest the action of Mrs. Lillian Fraser for alimony of \$600 per month, pending trial of her suit for divorce.

"I know Mrs. Fraser had the police looking for me and that there were wild tales about my disappearance," Fraser said. "There was no mystery about it, though. Mrs. Fraser told me to get out and I got out."

The question as to the amount of Mr. Fraser's income was not cleared up so readily, however. Mrs. Fraser declared that \$600 a month would be a miserly one for those bagatelles to her affluent spouse. But Fraser said he had to get along on \$750 a month, and that he could not afford \$600. Judge Summerfield took the matter under advisement.

BE CAREFUL AND MAYBE YOU'LL GET...

If You're Driving Near College Display Caution and You'll be Rewarded

If you happen to be driving in the vicinity of the University of Southern California and some one jumps on your running board and asks you to drive into a filling station, orders five gallons of gas put in your tank, pays for it and then wishes you good luck it will mean this—

You are the most courteous and safe driver to be checked by members of the student body who are keeping tab on the drivers of cars in the neighborhood surrounding the university.

Don Cameron, president of the student body, will have a committee of judges appointed to assist him to determine who is the most careful and courteous driver.

Capt. R. H. Hill, of the traffic bureau of the police department approved the idea yesterday and is willing to co-operate in any campaign which will tend to lessen traffic casualties.

California Club Flag Will Fly on Yacht Trip East

The flag of the commodore of the California Yacht Club will fly in Atlantic waters for the first time next month, when E. L. Doheny's steam yacht *Casiana* leaves here November 1 for Florida with the flag of Commodore Ben P. Weston at her main truck.

Commodore Weston, Sybil Spalding and a party of friends will make the two months' cruise on the *Casiana*, making a leisurely trip down the West Coast, through the Canal to Havana and thence to Florida, where they will leave the yacht and proceed to New York by train. They will return to Los Angeles in December.

The *Casiana* has been chartered by the Standard Oil Company to carry a group of geologists and engineers to the West Coast of South America on an expedition expected to culminate in the opening of new oil fields. The expedition will start from a Florida port in late November.

SLAYER KILLS SELF
(By A. P. Staff Wire)
BLOOMINGTON (Minn.) Oct. 26.—Fleming King, 21 years of age, employed in the Minnesota Masonic Home here today shot and killed Earl Husoma, 52, another employee, and two hours later himself was found under a couch, dead from self-inflicted wounds. Authorities could ascribe no reason for King's act.

LOSES FIRST MOVE TO OBTAIN BABIES

Mrs. Birdie C. Olsen

CUSTODY OF DAUGHTERS UNDECIDED

Mother Loses First Move to Gain Babies With Habeas Corpus Plea Dismissed

The habeas corpus proceedings instituted by Mrs. Birdie C. Olsen in an effort to gain the custody of her two babies, Dorothy and Rita Olsen, were dismissed yesterday by Judge Archibald of Juvenile Court for want of jurisdiction in the matter.

During the course of the hearing it developed, according to Judge Archibald, that a presumption of controversy over the custody of the children existed between Mrs. Olsen and her husband, Dr. A. W. Olsen, a Hollywood dentist, and in view of this the court held habeas corpus proceedings were not effective in bringing the matter of the babies' care and control before the court.

Mrs. Olsen directed her court action at Mrs. William Littrell, 220 North Wilmington street, Watts, but Mrs. Littrell told the court the children had been placed with her for boarding. They were said to have been taken from Mrs. Littrell's home by the father several years ago, according to F. V. Davis, attorney for Mrs. Olsen. The children were returned to Mrs. Littrell's home Sunday.

Attorney Davis said he will attempt to have a settlement of the dispute effected out of court, but failing in this, he will bring another kind of court action asking that the children be awarded to their mother. David said Mrs. Olsen and Dr. Olsen are living in the same house and now have with them Patricia Olsen, their oldest daughter. The question of the custody of Patricia was not brought into court and Attorney Davis stated his client merely wishes to have her younger daughters returned to her home.

NATIVE INDIAN TALKS ON CASTE SYSTEM

Lal Chand Mehra, a native of India, made his first appearance as a public speaker recently at the Southwest Museum. The audience remained an hour and a half after the lecture asking questions which Lal Chand Mehra answered. The caste system and the result of missionary work in India were brought out in his talk. His next talk in the museum will be on "Evolution of Education in India."

GUEST OF ACCOUNTANTS
Dr. George H. Rice, representing the Better America Federation of California, will be guest of honor of the Los Angeles Chapter of Certified Public Accountants at the City Club Thursday evening. Halah W. Cole will discuss legislation affecting California certified public accountants. H. A. Wheeler, president of the chapter, will preside.

FIVE DENY MAIL THEFT GUILT

Suspects in \$500,000 Postoffice Robbery Enter Pleas Before Federal Judge

The five asserted mail robbers charged with participation in the hold-up of a United States mail truck near the Santa Fe depot several weeks ago when approximately \$500,000 in currency, bonds and jewelry were taken, entered pleas of not guilty when they were arraigned yesterday before Federal Judge James.

George A. Davidson was the first to deny his guilt and in rapid succession Sam Shapiro, alias Sandburg, recently captured in Kansas City; Frank Teschona, Charles "Chuck" Wagner and Robert E. Cargo also pleaded not guilty.

REDUCTION FOUGHT

An attempt to obtain a reduction from the \$100,000 bond asked for Sam Shapiro elicited a prompt challenge from Asst. U. S. Atty. Ohannesian, who waved a report from investigators and charged him with being the "master mind behind the plot."

Judge James continued arguments until next Monday afternoon on motions for reductions in bond for all the defendants. When the grand jury indicted the five prisoners and Harry Burke, alias The Kid, a fugitive, and Dorothy Lee Teschona, now in custody in Chicago, for commission of the crime, bonds of \$100,000 were set on all of them.

A complaint filed yesterday before United States Commissioner Turney by postal officials, charges Jennie Derchner, a sister-in-law of Dorothy Lee Teschona with "stealing from the mails" and places her on a parity in the eyes of the law with the seven defendants indicted. The Derchner

SECTS JOIN TO FURTHER CHEST PLAN

Fund Apportioned Where Needed Without Regard to Race or Creed

That the Community Chest is operating on a nonsectarian basis, favoring no particular race or creed, is shown by a report revealed yesterday at Chest headquarters. The report indicates how the 1928 budget of \$2,820,798.94 is to be apportioned to religious groups.

Catholic institutions are to receive 12 per cent, or \$338,899.64. Institutions operated by Jewish societies will be allocated 13 per cent, or \$367,200. Protestant agencies get 21 per cent, or \$593,764.51. Institutions which are entirely nonsectarian are due to receive 54 per cent, or \$1,521,745.79.

Social service workers of the city are unanimous in their declaration that the Chest, in addition to its actual welfare and relief work, has been of great benefit to the city in bringing about the unification of Catholics, Protestants and Jews in the care of the needy.

Organization of the volunteers is going forward rapidly, with additional workers asked to report at 911 South Grand avenue in order to complete the army before November 2.

I. Irving Lipitch, executive director of the Jewish Welfare Federation of Los Angeles, before leaving here yesterday for San Francisco, said that upon his return on November 1 he will employ every effort and all of his time in organizing the Jewish people to support the Community Chest campaign.

FUNERAL OF VAUDEVILLE STAR TODAY

Stage Folk Pallbearers at Jane Connelly Rites in Hollywood Chapel

Funeral services for Jane Connelly, wife and stage partner of Irwin Connelly, will be conducted at St. Ambrose Church in Hollywood at 11 a.m. today. The pallbearers will be Lou Anger, Jack Goodstadt, Zella Covington, Bert Schaffer and Robert Ober. Interment will be in Chicago.

Mrs. Connelly died Sunday night at her home, 1203 Sweetzer street, Hollywood. She was taken ill about five weeks ago. She and her husband then were practicing a new vaudeville skit which was to have been at Orpheum headliner.

Jane and Irwin Connelly have been married twenty years ago. Mrs. Connelly had had no previous acting experience and was trained for the stage by her husband. They wrote their own sketches. The best known, which was "The Tale of a Shirt."

Council Refers Recommendation on New Tunnels

The Traffic Commission's recommendation urging the construction of once entirely from bond funds of twenty-five pedestrian tunnels at schools, where heavy traveled traffic arteries exist, was yesterday referred by the City Council to City Engineer Shaw and to the Tunnels, Bridges and Viaduct Committee for reports.

The City Engineer had submitted a list of forty-six proposed tunnel locations based on the theory that part of the cost of the tunnels would be paid by property assessments in the districts adjacent to the tunnels. The bond issue authorized last year for these tunnels was \$250,000. The tunnels will average in cost about \$7500.

DREDGING AUTHORIZED FOR SINGAPORE BASE

(BY CABLE AND ASSOCIATED PRESS)
SINGAPORE (Straits Settlements) Oct. 26.—The legislative council has authorized the dredging of 512 acres along the shore in furtherance of the plan for enlargement of the British naval base here.

FIVE DENY MAIL THEFT GUILT

Suspects in \$500,000 Postoffice Robbery Enter Pleas Before Federal Judge

The five asserted mail robbers charged with participation in the hold-up of a United States mail truck near the Santa Fe depot several weeks ago when approximately \$500,000 in currency, bonds and jewelry were taken, entered pleas of not guilty when they were arraigned yesterday before Federal Judge James.

"I'll see you again, Doctor"

He is wise who goes to his dentist regularly for teeth and gum inspection. Many serious illnesses which originate in the mouth may be prevented by modern dentistry. See your dentist at least twice a year. It pays.

4 out of 5

get pyorrhea through neglect

Pyorrhea, dread disease of the gums, attacks four persons out of every five past forty because they are careless of Nature's warning.

It starts with tender bleeding gums. Later the teeth loosen in their sockets and poison is spread throughout the system, often causing rheumatism, neuritis and other sickness.

If you have pyorrhea go to your dentist at once for treatment. He can help you. To prevent pyorrhea consult your dentist at least twice a year, brush your teeth night and morning with Forhan's for the Gums. Forhan's is the formula of a registered dentist.

It contains Forhan's Pyorrhea Liquid which has been used by dentists for the

last 15 years in the treatment of pyorrhea.

If used regularly and used in time, Forhan's for the Gums will prevent pyorrhea or check its progress. It is a pleasant dentifrice which serves a dual purpose: it cleanses the teeth and wards off dread pyorrhea. All druggists, 35c and 60c in tubes.

FOR THE GUMS

MORE THAN A TOOTH PASTE... IT CHECKS PYORRHEA

ROLLS-ROYCE

EVERY part of a Rolls-Royce is designed as a protest against wear. It must do its set task for five, ten or twenty years without replacement or repair.

For example, the brakes of a Rolls-Royce have five times the cooling area of the average car.

The linings are die-pressed of a secret composition. They cannot overheat. Years ago a Rolls-Royce car with five passengers descended the sheer seventeen miles from the top of Pike's Peak in neutral, controlled by foot brake only. This car is in daily use with the same brake linings still perfect.

Riding in the Rolls-Royce is a revelation in comfort—but underneath is strength that insures safety, and endurance which makes this car an economical investment in transportation.

If you will call at the Rolls-Royce showroom, or telephone, we shall be glad to arrange a 100-mile trial trip over any roads you may select.

LOS ANGELES SHOWROOMS, 951 SOUTH FLOWER STREET
HOLLYWOOD SHOWROOMS, 5735 SUNSET BLVD.
